VOL. XX.

ANTIOCH, ILLINOIS, THURSDAY, JULY 4, 1907.

NO. 45

SENTENCED FOR ASSAULT

Russell Merchant Infatuated With Racine Woman Attempts to Kill Officer

PASSES WORTHLESS CHECKS

Is Alleged to Have Passed Checks on the Security Savings Bank of Waukegan With No Funds

Waiving examination Saturday before Commissioner Wentworth of Racine, E. A. Murray of Russell, was sentenced to one year in the penitentiary at Waupun for getting money in Racine under false pretenses, the first day of his sentence to be spent in solitary confinement.

Murray pleaded guilty to the charge. He has a mother, father, brother and sister at Russell whom he refused to make aware of his trouble.

Murray had drawn and passed checks on the Security Savings Bank of Waukegan, in which he had no funds whatever. Checks are said to have been passed in Chicago, Kenosha and Racine.

Murray was captured when he visited Belle White, alleged to be an inmate of a Racine house of ill fame. When arrested he attempted to kill Police Sergeant Johnson with a 22-caliber rifle and then suicide. The officer knocked the rifle up and the bullet passed through the ceiling.

Among the effects taken from Murray were a number of letters, proof that he expected to be arrested and making statements that he would never be taken alive. These letters were evidently written at Russell. They were addressed to two persons, one to Belle White, 222 State street, Racine, the other to Anna Koppen, Lake Park, Wis. The last one he desired that all his estates should go and named an attorney as executor. There were other letters, indicating that he had given worthless checks to Montgomery Ward & Co., Chicago, and that he was in business at Russell, furnishing meat to Chicago houses.

Murray admitted that he forged checks and said that he had a brother who will fix matters up. Later he signified willingness to waive examination and plead guilty and take his medicine. The man is completely broken down, in fact, crushed, discouraged with life and openly says that he intended to kill himself when arrested, but that the officer prevented him from committing the act.

He was not charged with forgery, but with obtaining money under false pretenses, drawing checks upon a bank where he had no money. The complaint was sworn to by Acting Chief of Police Harms. The prisoner waived examination and was held to the municipal court. Immediately he was arraigned before Judge Sneidinger and pleaded guilty. In answer to questions he said that he fully understood the charge and also that he must be punished. He said that his home was in Russell, that he was 29 years old, a farmer and that he had never been in trouble before.

Murray said: "I want to deny most emphatically that I tried or intended to kill Officer Johnson who arrested me. I did not point the gun at him, but I did try hard to commit suicide. It is not fair to charge me with attempted murder when I am entirely innocent of such intention and would not injure any person, for the reason no one has or did harm me. It was the duty of the officer to place me under arrest."

GREEN BUG IS INVADING LAKE COUNTY

The most unwelcome guests in Lake County today are the members of the green bug family.

The green bug, the pest that has caused so much consternation in the exchanges of the world, news of which is dreaded by the Chicago Board of Trade, is now officially reported in this county.

Dr. Daniels of Waukegan, discovered the presence of the bug on the Cannon farm near Winthrop Harbor, in a field of oats. Farmers greatly fear the pest, for which there is no known exterminator.

Getting into the wheat, oats, corn and other fields of northern and north-eastern Lake county, it is eating its contented way through acres of valuable grain and ruining the farmers.

Seen under the microscope, it is a small, round, green, oval, and its legs are short and thick. It is a very common pest.

MAILS MUST BE WEIGHED

In All Postoffices in the Country for the Next Six Months

The postoffice department at Washington has issued instructions to all postmasters of the United States requiring all matter sent out from their respective offices to be weighed for six months, or from July 1 to December 31. This means quite a task to the postoffice employees.

In the past at different times, it has been necessary by an order of the department, to weigh the mails for thirty days, as a whole, but now the order is not only to weigh them for a term of six months, but the mail must be sorted into first, second, third and fourth classes, besides franked matter and official matter, a record being kept of each separately. Thus it can be easily seen that it means a large increase of work in every postoffice of the United States for the next six months.

There has been a great deal of talk about the mails being overburdened by second class matter, such as newspapers and periodicals, and as the railroads fix their charges for carrying the mails according to the weight, it is the intention of the department to ascertain where the excess comes in and to fix a rate of postage accordingly, so that the government will not be the loser. The result of the facts obtained by the department in having the mails weighed for so long a time, will undoubtedly settle the question of postage rates on second class matter, an investigation of which has been going on for some time.

In addition to the record of weights of mails for six months, it is also required for seven days during that period, a record must be kept of the revenue received from each class, and a count made of the number of pieces of the first class, showing the number of letters, postal cards and other matter separately.

CAR DERAILED AT RONDOUT

Supervisor Has Narrow Escape From Death as Car Leaves Track

A violent pull by the motorman of an electric car on the Libertyville line was all that saved Supervisor Edward Conrad of Waukegan, Tuesday, from a plunge from the car down an embankment fifteen feet high.

Mr. Conrad was in the smoker of the car with door open sitting on the end of the bench and looking out of the door to get the view.

As the car neared the tracks at Upton, either through purpose or design, the tower man caused it to be derailed. He may have done this to save the car from a possible collision with an approaching freight train over the branch line of the Northwestern.

An extra rail is all that saved the car from going down the embankment with its load of human freight.

Supervisor Conrad would have been the first to be hurled down the steep embankment and the car would inevitably have landed on top of him, causing probable death, had not the motorman, with rare presence of mind, given him a pull that landed him inside and on the other side of the car.

The car did not go down the embankment but there was such a narrow margin between it and destruction that no one felt inclined to joke about the affair. As it was, had it not been for the motorman, Conrad would have been thrown from the car and injured.

RESCUED FROM DROWNING

Earl Grice Formerly of This Place Escapes Death in Fox River

John Anderson of South LaSalle street yesterday afternoon swam to the rescue of Earl Grice, who was going down to a final resting place in Fox River just opposite Spring Lake cemetery, grabbed him by hair and towed him unconscious to the shore. He was compelled to work over him for more than half an hour before he could bring him to.

Grice and Anderson had gone down the Fox river boat riding in the afternoon, but had turned for home when a sudden squall came up which overturned the boat. Both young men were imprisoned under the craft, but Anderson finally got out and swam to the shore, about one hundred feet distant, thinking that Grice had arrived in safety. When he stepped on the bank and looked around he could see no sign of his companion.

A gasping cry attracted his attention and he saw Grice as he loosened his grasp on the boat and sank from view. Hastily plunging into the stream Anderson swam desperately and reached the drowning man as he was going down for the third time.

The foregoing article was clipped from a last week's issue of an Aurora paper and will be of interest to many of our readers for Earl Grice, the person most immediately concerned in the matter, was a former Antioch boy, and is well known about here.

His relatives are now in Chicago, and are looking for him.

CHICAGO ROADS AGREE

Details of Agreement Relative to Commutation Tickets Reached Last Week

MEETING HELD IN CHICAGO

Define Limits Within Which Commutation Tickets May Be Used—Many Towns Lose Out

Chicago railroads made the first move Saturday toward retaliating upon the public for the passage of the 2-cent passenger rate law by the Legislature.

The commuter from beyond the immediate suburbs of the city and the clergy were the first classes upon which the companies agreed to make reprisals. When the 2-cent law became effective Monday the former lost his commutation ticket and the latter his half fare privilege. Also the drummer now has to pay for all his excess baggage.

Commuters within the terminals of the suburban systems of the various lines will not be affected. It is those beyond and within 200 miles of the city.

The blow will fall heavily upon the department stores, for from all the towns in the northern part of the state commuters come regularly to Chicago to do their shopping. With an advanced rate they are not likely to do so.

The action taken Monday was decided on Saturday at a special meeting of the general passenger agents of the Illinois roads. They named the following points which should be considered the terminal of suburban rates on the following roads:

Northwestern—Aurora, Geneva, Elgin, St. Charles, Crystal Lake and Kenosha. Illinois Central—Addison and Flossmoor, Rock Island—Joliet, Burlington—Aurora, Eastern Illinois—Crete, Alton—Joliet, Santa Fe—Joliet, Great Western—St. Charles.

From the stations named to Chicago, the present low commutation rates will not be disturbed, but beyond these places all tickets on and after Monday will be sold on a 2-cent rate basis. This will cut out such towns as Rockford, Freeport, Kankakee, Galesburg, La Salle, Ottawa, Momence, Danville, Belvidere, Urbana, Dixon and hundreds of other places.

LEGISLATURE AIDS TEACHERS

The State Legislature has just passed a law creating a Wisconsin State Teachers' Agency which provides that all public school teachers in the state by paying a membership fee of two dollars to the Commissioner of Labor and Industrial Statistics may avail themselves of the services of this bureau in their efforts to secure positions in any of the public schools of the state free from any other charges whatsoever.

The bill has proved a most popular one with school officers in the state and especially with teachers who feel they have been imposed upon by private agencies which not only make a charge of a membership fee, but also five per cent of a year's salary for securing a situation. This five per cent of a year's salary will not be charged by the State.

MEAL WAS NOT READY; RAISED A ROW

Joseph Rades, a Waukegan machinist, came home one night recently and found that his supper was not ready in spite of the fact that he has a wife and two able-bodied daughters. Arming himself with a lexicon of swear words he boarded a car for Zion City and went straight to the tabernacle, where the Perhamites faction was conducting a meeting. He suggested to his wife and daughters that they come home with him, but they refused.

Then Rades secured the floor, without the formality of obtaining recognition of the chairman, and began unloading his stock of profanity. Four policemen and twenty civilians seized him and succeeded in getting him out of the tabernacle and into the police station.

His complaint is said to be only one of a great many which have been made to the police that the Perham style of religion, which requires attendance at services morning, afternoon and evening, seriously interferes with the preparation of the family meal.

Matter of Preference. We believe the church is the most important institution in our community.

ELECTRIC ROAD TO EXTEND

Chicago and Milwaukee Electric Issues \$3,000,000 Worth of Bonds

WILL BUILD TO FOX LAKE

From Waukegan and to Lake Geneva From Kenosha—Plan Hauling Ice Extensively

The Chicago and Milwaukee Electric Railroad is in the market for the sale of \$3,000,000 of bonds, or at least the Wisconsin end of the concern is. The money is to be used in the construction of branch lines from Waukegan west to Fox Lake and Kenosha to Lake Geneva.

The issue of this \$3,000,000 will make a total bonded indebtedness of \$10,000,000.

That the line is proving to be a very profitable undertaking is evidenced by the report of Tracy & Co., bankers of Chicago, who have the sale of the bond issue. They present the following statement of the net earnings of the company (after deducting operating expenses and maintenance charges), also the interest charges and surplus for the past seven years:

	Operating Expenses	1907-Net Earnings
January.....	\$33,491.94	\$29,189.61
February.....	29,546.34	23,230.72
March.....	32,401.44	31,712.96
April.....	31,829.14	36,882.23
May.....	33,259.21	56,023.51

It is stated as one of the sources of large revenue that the company intends to do extensive express and freight business so that it will not only become a distinct competitor of the steam railroads in passenger traffic but in the freight business as well. Among its other plans the company intends to develop a large traffic in ice between Fox Lake and Lake Geneva and Chicago.

The letter of Tracy & Co. descriptive of this property is interesting reading for more than one reason. It is a strong presentation of the value of this property and shows that its promoters built for the future when they constructed this line.

FOX RIVER TO BE MADE NAVIGABLE

Concerted action toward the opening of Fox river to navigation is to be taken in the very near future by merchants' association, boat owners and clubs along the route of the river from Ottawa to Fox Lake. Elgin launch owners contemplate forming a club, which with other clubs will fight for the betterment of the stream.

The Fox River Navigable Waterway Association held a special meeting at the Muehrcke hotel at Fox Lake on Monday last and decided to form auxiliary clubs in all the cities and towns along the river.

The plan is to make Fox River navigable for light draft boats all the way from its source to the Illinois river at Ottawa. The association will also make an endeavor to interest the Elgin Merchants association as this route will be a great asset to northern Illinois it is believed.

The plan of opening the river to navigation by putting in locks in the various dams has been scoffed at by many people and cold water has been dashed on the project repeatedly by owners of the dams. This time the members of the association maintain, nothing will hinder their progress and until this stream is open its entire length, they will not cease working.

Their strongest argument is that the damming of the river is illegal, as the government survey gives it as a navigable stream.

The promoters claim that as soon as they can convince the merchants and manufacturers of the commercial use the river may be put to they will have no further trouble. Then they will begin raising funds for deepening the river and for placing an extra dam or so where necessary to keep the water at the required level. The locks are comparatively inexpensive and can be placed in any of the dams now existing without harming the water power.

Canada Thistle Notice.

Notice is hereby given to all property owners, occupants or renters, in the town of Antioch, to cut all Canada Thistles and noxious weeds growing on their land or upon the highway along in front of their land, before allowing the same to mature and under penalty of the law as prescribed by the statutes of the state of Illinois. George Brown, Thistle Commissioner, Antioch, Ill. June 27, 1907.

MANIAC DIES IN WOODS

Mystery Surrounds the Finding of Body Near Half Day

Mystery surrounds the finding of the body of an unknown man in the deep woods near Half Day, by George Amann, Thursday of last week.

Amann was out scouring the woods when he stumbled across the dead body in a dense thicket, a mile south of Half Day, in a lonely and unfrequented spot. The position of the remains indicated that the unknown had been trying to crawl under a wire fence when death overtook him and that he may have died from exposure.

The coroner's verdict is to the effect that the mysterious personage came to his death from exposure, but no real solution was arrived at at the inquest.

The body was so badly decomposed that recognition of the features is a hard matter, but cards found on the remains indicate that the deceased was Joseph Laboski, of Chicago, 3325 Fortieth avenue.

This name and address were written on the cards, one of which was a raffle ticket. Neither money or a watch were found on the person of the dead. He was well dressed in a suit of nearly new black clothes, wore a striped shirt, a celluloid collar, and a blue necktie. He was a man of about 30 years of age with sandy hair and mustache.

The conclusions of Coroner Taylor are that Laboski, if indeed it is he, had gone insane and wandered off into the woods where he died of exposure and hunger.

The coroner said that there was no mark of violence on the body as far as could be seen, or were there any traces that Laboski, if it is he, had ended his own life.

Either the exposure following a temporary insanity, the fact that he was lost in the woods, or the sudden action of some chronic disease took him off.

PFENNIG WILL INVESTIGATE

Sheriff to Make an Effort to Capture Alleged Murderers of Rudnick

Sheriff Pfennig of Kenosha county, and District Attorney Baker have started work on an effort to locate and arrest the men wanted in connection with the murder of Edward G. Rudnick in Powers Lake whose body was found on Thursday and while the official report of the coroner's inquest has not as yet been filed the sheriff and district attorney will leave no stone unturned to find the men wanted. It is claimed that there are many people in the neighborhood of Powers Lake who are aware of the names of the men wanted in connection with the crime and Sheriff Pfennig will ask John Mutz, the deputy sheriff who worked up the Schumacher case, to take up this case. It is certain that none of the men is at Powers Lake at the present time, but it is thought that they will return there with the opening of a new ice cutting season and at that time the officers will be waiting. A warrant will be issued charging the men with murder.

It will be remembered that Rudnick disappeared from Powers Lake on the afternoon of February 25th. He was employed as a ice cutter and channel man by the Knickerbocker Ice company and on the day that he disappeared he and four other workmen had been sent out to remove some slush ice from the channel. That was the last seen of him until his body was discovered floating in the lake Thursday. Immediately after the disappearance of the man two of the ice cutters who had worked with Rudnick were taken into custody by Deputy Sheriff Mutz, but no evidence was found against them and they were released. They disappeared a few days later and nothing has been seen of them since.

The remains of the murdered man were buried at Powers Lake.

CHURCH STEEPLE STRUCK BY LIGHTNING

An interesting coincidence comes out with the announcement of the complete destruction of the steeple of the new Catholic church in Libertyville a few days ago. It now develops that several years ago the church that stood in the same place now occupied by the recently constructed church was also struck by lightning and completely destroyed at a great loss.

Old residents of the village are recalling these facts, disproving as they do the popular belief that "Lightning never strikes twice in the same place."

This, however, is known to be an erroneous statement as incidents have been shown where lightning has struck the same point as many as three times. The idea was merely a popular superstition at the most.

It is interesting to know too that the members of the Libertyville church are making preparations to have the steeple replaced as soon as possible.

Money to Loan. Money to loan on approved real estate security in large or small amounts. Ben H. Miller, Libertyville, Ill.

LARGE CREAMERY BURNED

Plant of the Bristol Farmers' Creamery Destroyed by Fire Last Saturday

WILL REBUILD AT ONCE

Creamery, Ice House and Barns Together With Household Effects of Graham Totally Destroyed—Loss \$7000

There was a disastrous fire in the town of Bristol late Saturday afternoon, when the new plant of the Bristol Farmers' Creamery, located at Ward's Corner, was completely destroyed by fire, entailing a loss of from five to seven thousand dollars. The work of the rebuilding of the plant was arranged for before the smoldering embers had stopped smoking, and the work of clearing the ground for a new and larger creamery was started Monday morning. It is expected that the new creamery will be ready for operation within the next sixty days. The old building and machinery were insured for \$3,000, and the remainder of the loss will have to be borne by the owners of the stock in the company. The ice house adjoining the building was also destroyed, as were the barns of the company.

One of the heaviest losers by the fire is Alexander Graham, the butter maker, who lived in the flat above the creamery. He lost all of his household goods and clothing, and Mrs. Graham and the children were fortunate to escape from the burning building without being injured.

Graham was alone at the creamery when the fire broke out just after 4 o'clock in the afternoon, and as soon as possible he called the members of the family and every effort was made to save the building and the machinery, but the flames spread with such rapidity that it was impossible to stay the course of the fire.

Before the building was completely destroyed the flames spread to the barns and ice house and when a crowd of farmers finally arrived the buildings were gutted beyond repair.

The owners of the creamery incorporated the company less than a year ago and purchased the plant from the Devin company. Most of the product of the creamery was sold to a private trade in Kenosha and the managers will make an effort to supply this trade from another creamery pending the rebuilding of the plant. The farmers who had sold their milk to the creamery will distribute it to other creameries in Bristol and Pleasant Prairie. The creamery had one of the most modern plants in state, but when it is rebuilt it will be even better. David Pierce is the president of the company and Charles Waldo, secretary. Many of the best known men in that section of Bristol were interested in the plant and it was proving a money-maker. There will be plenty of funds subscribed to rebuild the creamery.

CREAMERY ASSOCIATION MEETING

On Thursday evening of last week a good sized crowd of patrons of the Antioch Creamery association and milk shippers attended the meeting at the town hall in this village as was advertised for that date.

W. S. Westlake called the meeting to order, and stated the object of the meeting. Statements were made of the prices and quantity of milk at the Antioch Creamery and the same was compared with that of Elkhorn.

Mr. West of Elkhorn, was present and stated that if he could be guaranteed enough milk to make it pay, he would purchase the creamery here. And he also stated that he would not be able to pay the price that the shippers are getting for their milk in Chicago, but that the milk would be paid for according to the test, and would be governed by the Borden scale of prices.

In case Mr. West purchases the creamery it will not be turned into a bottling plant, but will be a butter and cheese factory. The meeting adjourned without anything definite being done.

TAKE NOTICE

Notice is hereby given that all fast driving and racing of horses on the public streets of the Village of Antioch must stop. There is an ordinance to this effect that will be enforced from this day on. H. BOCK, Village President. Dated at Antioch July 3, 1907.

MRS. DE PASSE OF NEW YORK CITY

"I Consulted Several Physicians, but they Did Me No Good. Peruna and Man-a-lin Helped Me."

MRS. ALINE DEPASSE.

Mrs. Aline DePasse, 770 E. 108th St., New York, N. Y., writes:

"It gives me pleasure to testify to the curative qualities of Peruna and Man-a-lin. I was afflicted for over seven years with catarrh of the head, throat and digestive organs. I consulted many physicians, but they did me no good."

"One day I happened to read some testimonials in your 'Peruna' almanac. I decided to try Peruna and Man-a-lin. I bought a bottle of each, and after taking them for a week I noticed a change for the better. So I kept it up, and after using twelve bottles I was perfectly cured."

"I also gave the medicine to my children and they had the same beneficial result. I would never be without these remedies in the house."

"I highly recommend Peruna and Man-a-lin to all my friends, and in fact to everybody."

Miss Mildred Gray, 110 Wilmor St., Appleton, Wis., writes:

"It gives me pleasure to recommend Peruna for catarrh of the stomach. I had this disease for a number of years, and could not enjoy a mouthful of food that I ate. It was indeed a great relief when I hit upon Peruna, and obtained decided results from the first. I took six bottles before I felt entirely cured of my trouble, but I had an aggravated case."

Pure White Lead is the Natural Paint Pigment

Numerous compounds are being offered to take the place of white lead as a paint, but no real substitute for it has yet been found. Pure White Lead has a property of amalgamating with the wood upon which it is used—added to this it has an elasticity which permits the paint to follow the natural expansion and contraction of the wood. Pure White Lead (with its full natural tenacity and elasticity, unimpaired by adulterants), alone fulfills all the requirements of the ideal paint. Every keg which bears the Dutch Boy Trade Mark is positively guaranteed to be absolutely Pure White Lead made by the Old Dutch Process.

SEND FOR BOOK

"A Talk on Paint" gives valuable information on the paint subject. Sent free upon request.

NEW YORK RELIEVED

STRIKE OF GARBAGE DRIVERS ENDED BY MAYOR.

CITY IN GREAT DISTRESS

Streets Blocked by Heaps of Putrefying Refuse—Police Sergeant Badly Injured by a Bomb.

New York.—The strike of the city garbage collectors is over and the fears of a serious epidemic as the result of the conditions which have existed for the past week are at rest.

A committee representing the striking drivers conferred with Mayor McClellan Monday. He promised that if they would return to work he would take up their grievances. Later the committee announced that they had decided to send all the men back to work, trusting to the mayor's promise. It was also announced that the men would work overtime until the accumulation of garbage in the streets had been removed.

All day long the health department officials put forth their utmost efforts to gain some headway against the rapidly increasing accumulations of refuse in the streets. About 250 carts were in use, but strike breakers were hard to find and difficult to hold.

Police Sergeant William Duggan was seriously injured by the explosion of what the police believe was a bomb while escorting two carts in One Hundred and Sixteenth street late in the day. The sergeant was blown several feet. He was taken to a hospital suffering from shock and lacerations.

On the East Side streets conditions are almost unbearable. The return of hot weather has added to the seriousness of the situation.

In places the heaps of garbage practically fill the streets and traffic is interfered with. Attempts to dispose of the accumulations by burning have been largely unsuccessful.

But it is not alone the East Side that suffers. The entire city is affected by odors. The health department is still struggling to make some impression on the mountainous heaps of refuse, but even if the full force returns to work Tuesday it will require several days of hard labor before normal conditions are restored.

INDIAN UPRISING FEARED.

Lives of Whites at McDowell Agency, Arizona, in Danger.

Washington.—A telegram was received Monday from Superintendent Goodman, of McDowell agency, Arizona, by the Indian bureau confirming the report of trouble at that agency. He says the shooting of an Apache by Farmer Gill grew out of an effort to remove some troublesome Indians from the agency, which was undertaken on orders from Washington, and was in self-defense.

Mr. Goodman says the lives of whites, friendly Indians and of the Indian police are in danger, but that the sheriff of Maricopa county with seven others is on the way to the scene of trouble and that the territorial militia will be available if needed. The aid of the national troops will not be asked unless a situation assumes a more serious one than at present. Gill is a preacher.

CLOUDBURST AT CLEVELAND.

Cellars Are Flooded and Street Car Traffic Demoralized.

Cleveland, O.—A cloudburst broke over this city Monday afternoon, doing great damage especially in the east end. Within five minutes the precipitation was 45-100 of an inch. Cellars were flooded in business houses and street car traffic was badly demoralized for two hours.

Pittsburg, Pa.—A rainfall resembling a cloudburst occurred in this city and vicinity shortly before five p. m. Monday, causing a flood in the streets and the cellars of many houses. The precipitation was 43-100 of an inch, making the total precipitation for the day 68-100. Considerable monetary damage resulted.

Operators Strike May Spread.

Chicago.—Secretary Wesley Russell, of the Commercial Telegraphers' union, Monday admitted for the first time that active preparations were under way for the extension of the strike against the Western Union and Postal companies. This is taken to mean that the union leaders have despaired of winning their contention with the big telegraph companies by a single strike demonstration at San Francisco, and are now ready to enlarge their operations. Kansas City and St. Louis are two western cities that are mentioned in connection with the proposed new strike field. It is believed that the operators will be called from the offices in those cities within a week.

Harriman Now for Publicity.

New York.—A policy of informing the public of the details of all accidents on the railroads composing the Harriman system was put into effect Monday by order of E. H. Harriman, according to an official announcement made by the Union Pacific Railroad company. It is stated that Mr. Harriman has ordered that full reports shall be made and promptly given to the press concerning all accidents on the Union Pacific and Southern Pacific systems and on the Oregon

HAPPENED AT BAD TIME.

Minister's Fall Significant in View of Previous Words.

In a small church in one of the mining towns of Pennsylvania was a pulpit both antique and unique. It was about the size and shape of a flour barrel, was elevated from the floor about four feet and was fastened to the wall. The ascent was by narrow winding steps.

A minister from a neighboring town, a man of great vigor and vehemence, preached there one Sunday. While preaching he bent forward and shouted out with great force the words of his text:

"The righteous shall stand, but the wicked shall fall."

Just as these words escaped from his lips, the pulpit broke from its fastenings, and he fell out and rolled over on the floor before his congregation. In an instant he was on his feet again and said:

"Brethren, I am not hurt, and I don't mind the fall much, but I do hate the connection."

ELEVEN YEARS OF ECZEMA.

Hands Cracked and Bleeding—Nail Came Off of Finger—Cuticura Remedies Brought Prompt Relief.

"I had eczema on my hands for about eleven years. The hands cracked open in many places and bled. One of my fingers was so bad that the nail came off. I had tried so many remedies, and they all had failed to cure me. I had seen three doctors, but got no relief. Finally I got a cake of Cuticura Soap, a box of Cuticura Ointment and two bottles of Cuticura Resolvent Pills. Of course I kept Cuticura Soap all the time for my hands, but the one cake of Soap and half a box of Cuticura Ointment cured them. I recommend the Cuticura Remedies to all suffering with eczema. Mrs. Eliza A. Wiley, R. F. D. No. 2, Liscomb, Ia., Oct. 18, 1906."

New Austrian Railway.

Hitherto tourists from the United States who chose the southern trip to Europe left the steamer at Gibraltar or Naples, but many, chiefly those who had already been in Italy, now come to Trieste and continue from there their voyage by the new Austrian railway. There can hardly be a more beautiful country than the regions which are made accessible by this new Transalpine railroad. The new railway is owned by the state, and is 139 miles long. There are 49 tunnels, with a total length of ten miles. There are 50 bridges, one of which, across the river Isonzo, has the longest stone span in the world. There are, besides, as many as 678 smaller bridges and viaducts.—Consular Reports.

Sheer white goods, in fact, any fine wash goods when new, owe much of their attractiveness to the way they are laundered, this being done in a manner to enhance their textile beauty. Home laundering would be equally satisfactory if proper attention was given to starching, the first essential being good Starch, which has sufficient strength to stiffen, without thickening the goods. Try Defiance Starch and you will be pleasantly surprised at the improved appearance of your work.

New in Wall Paper.

A new design in fancy wall paper patterns comes from Kansas City; also a way to utilize cancelled checks. A firm has had all its offices papered with old checks, placed neatly edge to edge. The face figures of the checks vary from \$30,000 to \$1,000, and the total for one room is \$5,000,000. As a gilt moulding runs around the edges of each check-panel, the general effect is rather pleasing.

The extraordinary popularity of fine white goods this summer makes the choice of Starch a matter of great importance. Defiance Starch, being free from all injurious chemicals, is the only one which is safe to use on fine fabrics. Its great strength as a stiffener makes half the usual quantity of Starch necessary, with the result of perfect finish, equal to that when the goods were new.

To Tell of Royal Scandal.

A book is soon to appear in Dresden, entitled "A Fight for a Royal Child." The author is Ida Kremer. She tells of her experiences as governess in the house of the Countess Montignoso until she was obliged to depart by order of the court marshal of the king of Saxony.

Describing Weather Conditions.

The weather is called calm if the air is not moving at more than three miles an hour; 34 miles is a strong breeze, 40 a gale, 75 a storm, and 90 a hurricane.

A boost when needed is better than a pull that isn't.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium, or morphine. They are, in considerable quantities, deadly poisons. In any quantity they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever.

Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. A. F. Peeler, of St. Louis, Mo., says: "I have prescribed your Castoria in many cases and have always found it an efficient and speedy remedy."

Dr. E. Down, of Philadelphia, Pa., says: "I have prescribed your Castoria in my practice for many years with great satisfaction to myself and benefit to my patients."

Dr. Edward Parrish, of Brooklyn, N. Y., says: "I have used your Castoria in my own household with good results, and have advised several patients to use it for its mild laxative effect and freedom from harm."

Dr. J. B. Elliott, of New York City, says: "Having during the past six years prescribed your Castoria for infantile stomach disorders, I most heartily commend its use. The formula contains nothing deleterious to the most delicate of children."

Dr. C. G. Sprague, of Omaha, Neb., says: "Your Castoria is an ideal medicine for children, and I frequently prescribe it. While I do not advocate the indiscriminate use of proprietary medicines, yet Castoria is an exception for conditions which arise in the care of children."

Dr. J. A. Parker, of Kansas City, Mo., says: "Your Castoria holds the esteem of the medical profession in a manner held by no other proprietary preparation. It is a sure and reliable medicine for infants and children. In fact, it is the universal household remedy for infantile ailments."

Dr. H. F. Merrill, of Augusta, Me., says: "Castoria is one of the very finest and most remarkable remedies for infants and children. In my opinion your Castoria has saved thousands from an early grave. I can furnish hundreds of testimonials from this locality as to its efficiency and merits."

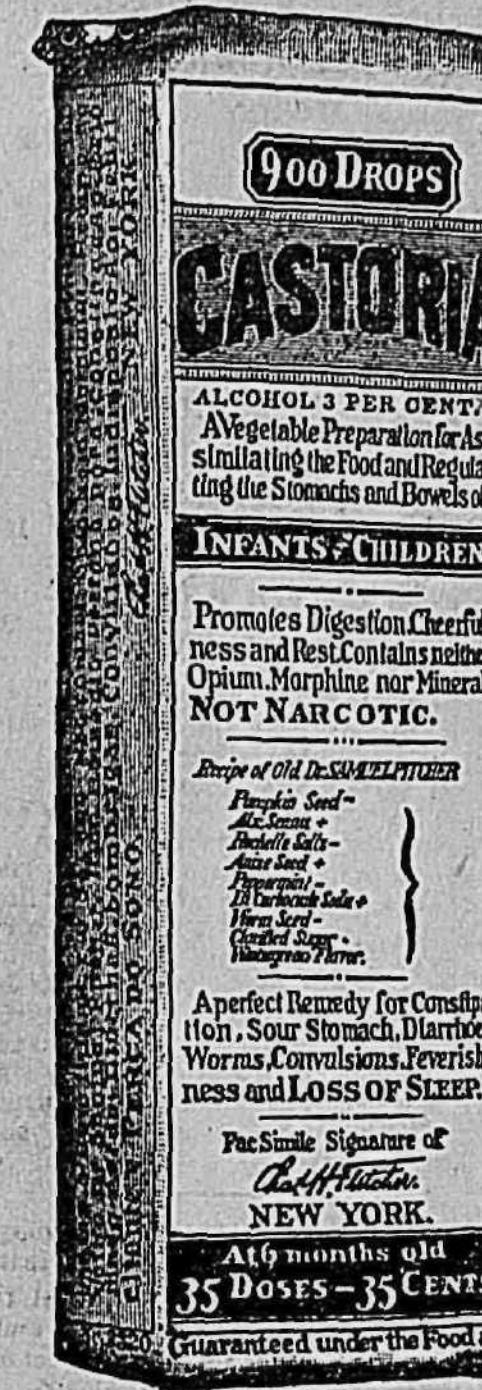

Dr. Norman M. Geer, of Cleveland, Ohio, says: "During the last twelve years I have frequently recommended your Castoria as one of the best preparations of the kind, being safe in the hands of parents and very effective in relieving children's disorders, while the ease with which such a pleasant preparation can be administered is a great advantage."

GENUINE CASTORIA ALWAYS Bears the Signature of

Chas. H. Fletcher.

FAIRY-LIKE TALES OF FINANCE

The record of the now world famous Mohawk Mine, of Goldfield, Nevada, reads like a recital from Arabian Nights, yet the facts, vivid and entrancing as they are, are absolutely true. The man who bought Mohawk stock at 14c per share, made something like 3,500 per cent profit in two years, or 180 per cent per month. \$30,000,000 in Gold from Three Acres of Land. This is Mohawk's stupendous record. A Nevada woman bought \$300 worth of stock when the mine was young, and sold it within two years for \$45,000. Each time a man goes up and down the shaft of this mine \$250 is lost the company. A Handsome Picture (7 by 18) of this Famous Mine, Sent FREE. Simply write and ask for it. The inquiry places you under no expense and obligation. We want to tell you more about the famous Goldfield district (the marvel of the world). Write today. ALLEN & EMINGER, Dayton, Ohio.

A. N. K.—A (1907—27) 2165.

THE ANTIOCH NEWS.

ANTIOCH, ILLINOIS.

A REPUBLICAN NEWSPAPER.

PUBLISHED WEEKLY BY
A. B. JOHNSON, Editor and Proprietor

By Mail, One Dollar per Year, in Advance

Telephone, Antioch No. 402.

EDITORIAL NOTES.

Mr. Hearst is in renewed danger of securing a fresh count in the New York mayoralty election.

When it comes to getting a real uprising started on short notice, France makes Russia look like a second rate mobocracy.

A market journal notes great activity in the egg packing industry. This ought to be a timely warning to restaurant patrons to take their poached instead of scrambled next winter.

Hon. "Jim" Griggs says that the Democratic presidential nomination will go to Bryan, "if he wants it." Can anyone conjure up a picture of Col. William Jennings sprinting to escape such a cataclysm?

Sir Thomas Lipton speaks of challenging again for the America's cup. Considering the ill luck he has had in this line with the Shamrock, we would suggest his consulting with the gentleman who "lifted" the Asco cup last week. He seems to have the combination.

Chairman Knapp of the Interstate Commerce Commission is quoted as saying that he thinks the business world is getting more honest. Now considering Mr. Knapp's job and his consequent viewpoint, this statement marks him as an optimist of the dazzling variety.

It may be a piece of the ordinary Roosevelt luck, or it may have been something more than a coincidence that there has been a big batch of land fraud indictments returned in Denver just when the Public Land Convention is getting busy. This convention was worked up originally by men thoroughly opposed by the President's western land policy. They build themselves a convention after their own liking in the city of the Plains. Then came news of the movement to Washington, and through some gentle underground channel, the Governor of Colorado was moved to issue invitations to the Secretary of the Interior and a number of other federal officials all familiar with the land; forest and irrigation situation to come and address the meeting. Of course, the convention could not decline to hear them, and the prospect is that the rank and file of the assemblage will be won over to the President's way of thinking in land matters. But atop of this comes the batch of land fraud indictments for people "high up" in the land stealing business. Six of them have been served with subpoenas and deputy sheriffs are out hunting 67 more victims. It is a very striking and suggestive incident coming just now as to the wisdom of having a firm and settled policy in dealing with the comparatively small amount of government land still remaining in the west.

Wives of the farmer, wives in fact of all sorts who have to do their own cooking, may take comfort for the department of Agriculture is coming to their relief with the "wreath cooker." This sounds almost too good to be true, in fact, it is not true literally, for while the cooker does work without fire, it has to have a modicum of fire to start it. Nevertheless it is a practical suggestion, and one worth considering by women who have to do their own work and who want to economize heat in the summer and fuel at all times. The Department has imported the idea from Sweden where it has been in use for about a hundred years, and whence the Commissary Department of the army also got it and is now using it with good results. Drawings and specifications are given in one of the farmers' bulletins just issued by the Department and can be had on application. The cooker consists merely of a beat tight box, one packed tightly with straw, felt or even newspapers. The food, meat or vegetables, is brought to a boil over the fire in a tight-covered tin bucket, and is then put into the box cooker and shut up. It takes about twice as long to cook in this way as over the fire, but the result is said to be better; there is no heat or smell, and the fuel is reduced to a minimum. The Department will furnish information to those interested.

Wrinkles

Come surely to weak women, who have to frown and endure the torture due to the diseases peculiar to their sex. Not only wrinkles, but hollow, lack-lustre eyes, sallow complexion, gray hair, all of which tell of premature old age. The prevention of this lies in your own hands. Cure the disease that causes your suffering, and strengthen your weakened constitution, with

WINE OF CARDUI

WOMAN'S RELIEF

of which Mrs. Mary Irvin, of Pamplin City, Va., writes: "I think it is the best on earth for all suffering women. My doctor did me no good. I suffered untold misery from head to foot, but the first dose of Cardui gave me relief, and when I had taken one bottle, I felt like a new woman." The above seems to prove that Cardui will relieve your pain, strengthen your constitution and renew your youth. Try it.

tical suggestion, and one worth considering by women who have to do their own work and who want to economize heat in the summer and fuel at all times. The Department has imported the idea from Sweden where it has been in use for about a hundred years, and whence the Commissary Department of the army also got it and is now using it with good results. Drawings and specifications are given in one of the farmers' bulletins just issued by the Department and can be had on application. The cooker consists merely of a beat tight box, one packed tightly with straw, felt or even newspapers. The food, meat or vegetables, is brought to a boil over the fire in a tight-covered tin bucket, and is then put into the box cooker and shut up. It takes about twice as long to cook in this way as over the fire, but the result is said to be better; there is no heat or smell, and the fuel is reduced to a minimum. The Department will furnish information to those interested.

It is a very remarkable showing that has been made in the bids for the new 20,000 ton American battleships opened at the Navy Department last week. The private shipyards and the government navy yards all bid on the new naval monsters, but the private firms won by close to a half a million dollars. There is no question that there has been some good work in ship construction turned out from the navy yards in different parts of the country. But it really would seem that there was no reason why the same vessel should cost 15 or 20 per cent more when built by the government than when built by private contract. There is just one thing to be said, and that is that the advertisement coming from securing such a piece of work would perhaps warrant a private yard in taking it at the very bottom figures, possibly even at a slight loss. But the private firms are not in business for reputation merely, and it is not to be supposed that they contemplate losing from a quarter to half a million dollars either for the sake of the advertisement or for the good of the government. Representative Calder of New York, who was naturally anxious that the Brooklyn Navy Yard in his district should get one of the contracts, has appealed to the Navy Department, but it is practically assured that the work will be done by the low figuring private firms. Perhaps they meant it as an object lesson in opposition to government ownership.

A Memorable Day.

One of the days we remember with pleasure, as well as with profit to our health, is the one on which we became acquainted with Dr. King's New Life Pills, the painless purifiers that cure headache and biliousness, and keep the bowels right. 25c at J. H. Swan's drug store.

Ideal Newspaper Fiction

Stories of newspaper scoops on matters of current news are many, but it is seldom that a newspaper can claim a beat upon a popular novel. Such a triumph in the discovery of a popular novel was recorded recently by the Chicago Record-Herald when it printed serially "The Wings of the Morning," by Louis Tracy. The judgment of the paper has since been verified by the unprecedented sale the book has had both in the United States and in England. The Record-Herald's keen judgment in fiction enables its readers to get the best novels often before they reach the book stands, while its policy of giving just the right amount daily and Sunday makes it a pleasure to follow its serials.

A radical departure in Sunday journalism was marked by the advent of the Sunday Magazine of the Record-Herald. It is particularly strong in fiction, both serials and short stories, and it has all the other attractive features of the famous illustrated weeklies and monthlies and challenges comparison with them.

When the baby is teething it is cross and restless, it becomes feverish and in many cases vomits a great deal and oftentimes cannot even keep cool water on the stomach. All the delicate little organs of the stomach are affected bringing on colic and diarrhoea. Cascasweet for babies and children makes the stomach right and allays inflammation and prevents irritation. Cascasweet makes the baby happy and well. Sold by J. H. Swan.

Vulgarized Fashions.

It seems almost hopeless now for a fashion of any kind to be really exclusive; fashions do not drift downwards gradually nowadays, but arrive simultaneously for rich and poor alike—vulgarized and crude, it is true, but the type will be found to be the same. —London Tatler.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative and my book on either Dyspepsia, The Heart, or The Kidneys. Troubles of the stomach, heart or kidneys are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak stomach nerves—the inside nerves—mean stomach weakness, always. And the heart, and kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free book. Dr. Shoop, Racine, Wis. The Restorative is sold by J. H. Swan.

Company Breeds Appetite.
"I think the reason you can eat so little and live," said the woman who eats to the woman who doesn't, "is because you are by yourself so much. Now, I am different. I work in a room with a lot of people. They absorb vitality to such an extent that I am hungry all the time. Regularly I eat breakfast, lunch and dinner find sometimes when I go to the theater I have a supper afterward. Yes, I suppose it is a good deal cheaper to be by yourself."

Nearly all the old fashioned cough syrups are constipating, especially those that contain opiates. They don't act just right. Kennedy's Laxative Cough Syrup contains no opiates. It drives the cold out of the system by gently moving the bowels. Contains Honey and Tar and tastes nearly as good as maple syrup. Children like it. Sold by J. H. Swan.

First Requisite for Success.
At the annual convention of salesmen of a large corporation prizes were to be awarded to those who submitted the best reply to the query: "What are you going to do to increase your sales for the ensuing year?" After numerous comments and remarks had been made, a telegram was received from the one absent salesman whose attendance had been unavoidably prevented by pressure of business. On being read to the assembly he was unanimously voted first prize. The telegram read: "Shall hustle like the dickens."

Free, for catarrh, just to prove merit, a trial size box of Dr. Shoop's Catarrh Remedy. Let me send it now. It is a snow-white, creamy, healing antiseptic balm. Containing such healing ingredients as Oil Eucalyptus, Thymol, Menthol, etc., it gives instant and lasting relief to catarrh of the nose and throat. Make the free test and see for yourself what this preparation can and will accomplish. Address Dr. Shoop, Racine, Wis. Large jars 50 cents. Sold by J. H. Swan.

Small Mexican Church.
At Penon, Mexico, a suburb of Mexico City, may be seen what is perhaps the smallest church in the world. It nestles under the shadow of a small volcano. The church is about ten feet high and 12 feet wide. Whenever a couple is married at the little altar of the church there is barely room for the groom and bride to turn around at the same time.

A Wonderful Happening.

Port Byron, N. Y., has witnessed one of the most remarkable cases of healing ever recorded. Amos F. King, of that place, says: "Bucklen's Arnica Salve cured a sore on my leg with which I had suffered over 80 years. I am now eighty-five." Guaranteed to cure all sores, by J. H. Swan, druggist. 25c.

Astonished the Grocer.

Harry was sent to the grocery store for five pounds of pulverized sugar. In a childish manner, he kept the name fresh in his mind by repeating it over and over all the way to the store. On reaching the store he went to the clerk and said: "My mamma says to please send up five pounds of pulverized sugar."

Thousands of people are daily suffering with kidney and bladder troubles—dangerous ailments that should be checked promptly. DeWitt's Kidney and bladder pills are the best remedy for backache, weak kidneys, inflammation of the bladder. Their action is prompt and sure. A week's treatment for 25c. Sold by J. H. Swan.

NOT ALL A COMPLIMENT.

Wife's Pride in Husband's Success Had a Tinge of Regret.

The doctor and his wife had lived together four years. She was a widow when he met her. He was a physician of note. Their life together was a happy one and no quibbling had entered the home to set a bad example for their hopeful. But the wife had a reputation as a wit. Her witticisms and little sarcastic remarks were known far and wide. Her friends had all heard of them. They had all felt the sting of them. The physician had been working with a hard case. He had spent day and night at the home of his patient and had won the fight for life. And he was accordingly well satisfied with himself. On his arrival home one evening he turned to his wife, saying: "You see, wife dear? I have pulled my patient through. He is now well on the road to recovery." "Yes, hubby, dear," returned the wife. "But you are such a perfect master of your profession. You are so successful. Ah, I wish that I had met you five years sooner than I did. Then my poor, dear Billy would never have died."

The Charming Woman

is not necessarily one of perfect form and features. Many a plain woman who could never serve as an artist's model, possesses those rare qualities that all the world admires: neatness, clear eyes, clean smooth skin and that sprightliness of step and action that accompany good health. A physically weak woman is never attractive, not even to herself. Electric Bitters restore weak women, give strong nerves, bright eyes, smooth, velvety skin, beautiful complexion. Guaranteed at J. H. Swan's, druggist. 50c.

The Infant Terrible.

A mother had just sought to punish her youthful son—and the son, to escape, had crawled under a bed—when a woman friend called at the apartment. "What a lovely place you have here!" the caller remarked. "So pretty—and so bright and clean. You must give more personal attention to things than I do." At this moment the small boy crawled out, scenting safety. "Say, mamma, was his greeting. "I don't get under any more beds in this house. Look at me. I guess when you sweep you never sweep under there. The dirt's an inch thick." The caller looked off into space and the mother exclaimed, enthusiastically: "Oh, let me show you my new hat, my dear!"

I'll stop your pain free. To show you first—before you spend a penny—what my Pink Pain tablets can do, I will mail you free, a trial package of them—Dr. Shoop's Headache tablets. Neuralgia, headache, toothache, period pains, etc., are due alone to blood congestion. Dr. Shoop's headache tablets simply kill pain by coaxing away the unnatural blood pressure. That is all. Address Dr. Shoop, Racine, Wis. Sold by J. H. Swan.

In Darkest Asia.

Mr. E. L. Harris, United States consul at Smyrna, makes an interesting report on conditions in Asia Minor, and in regard to electricity, says: "The city of Smyrna, with nearly 400,000 population, has no electric railway, electric light or telephone. There are cities all over Asia Minor varying in size from 20,000 to 50,000 inhabitants where there are opportunities of getting concessions for electric light and traction. It is strange for American electrical concerns to turn their backs on this field, with the excuse that nothing under a \$1,000,000 concession would attract them."

Progress in New Zealand.

A number of great engineering projects are under way in New Zealand looking to the utilization of some of the many water powers of that country. The most notable of these is the harnessing of the famous Huka falls at a cost of \$8,000,000, which will supply the Auckland district with 76,000 horse power.

Bad sick headaches, biliousness or constipation are quickly relieved by DeWitt's Little Early Risers. Small pill, sure pill, safe pill—prompt and pleasant action. Sold by J. H. Swan.

Muskat Grounds Rented.

In parts of the south the muskrat skin trade is so important that the marshes on which they have their burrows are rented out for the shooting. The sport is usually best at night, when the animals are out in search of food. It sometimes occurs that an unusually high tide drives them from their homes, when they are slaughtered in thousands. The fur hunters only kill them in the winter and early spring, when their coats are thick and in prime condition. The flesh is not so good in winter as in warmer weather, as they get thin during the cold weather.

Best Sleep of All.

"I see that an eminent physician declares that two hours of sleep before midnight are worth more than six after that hour." "Nonsense! Two hours of sleep after you're called in the morning are worth more than anything else."

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers; they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle by mail—free of charge—also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Is Your Hair Sick?
That's too bad! We had noticed it was looking pretty thin and rough of late, but naturally did not like to speak of it. By the way, Ayer's Hair Vigor is a regular hair grower, a perfect hair tonic. The hair stops coming out, grows faster, keeps soft and smooth. Ayer's Hair Vigor cures sick hair, makes it strong and healthy.

A cleansing, clean cooling, soothing, healing, household remedy is DeWitt's Carbolic Witch Hazel Salve. For burns, cuts, scratches, bruises, insect bites and sore feet it is unequalled. Good for piles. Beware of imitations. Get DeWitt's. It is the best. Sold by J. H. Swan.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and clearly general of the stomach are all due to indigestion. Kodol relieves indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol for dyspepsia does not only relieve indigestion and dyspepsia, but this famous remedy helps all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

Mr. S. S. Ball, of Ravenswood, W. Va., says: "I was troubled with sour stomach for twenty years. Kodol cured me and we are now using it in milk for baby."

Kodol Digests What You Eat.
Bottles of Kodol relieve indigestion, sour stomach, biliousness, etc., etc.
Prepared by E. C. DEWITT & CO., CHICAGO.

J. H. SWAN, ANTIOCH.

Pabst Purity

The way Pabst secures absolutely pure yeast for fermenting beer proves the care that surrounds every step in making Pabst Blue Ribbon Beer.

To secure an absolutely uniform fermentation, Pabst takes a single cell from its millions of fellows in the drop of pure yeast, and from this one cell grows or cultivates the yeast required for each brew.

Pabst Blue Ribbon

The Beer of Quality is fermented in hermetically sealed vats. From the time it is brewed until it is bottled it never comes in contact with the atmosphere or human hands. It is then properly matured or aged in air-tight, cold-storage tanks.

When ordering beer, ask for Pabst Blue Ribbon.
Made by
Pabst at Milwaukee
And Bottled only
at the Brewery,
Chas. Sibley,
Antioch, Ill.

Local News Notes

Local Announcements and the Elgin Butter Market

ELGIN, ILL., July 1—Butter firm at 24c. Output of the week, 1,017,400.

J. D. Martin was a Chicago visitor Monday.

C. K. Anderson of Chicago spent Sunday with relatives here.

Chas. Sibley has entered a horse for the races at Kenosha on the Fourth.

Henry Miller of Lake Villa was transacting business in Antioch Tuesday.

George Brown and George Bartlett spent Saturday last in Waukegan, returning home Sunday.

John Hancock and family of Grand Rapids Wis. are visiting with relatives here this week.

George Brichl, general superintendent of the Knickerbocker ice company was transacting business here Friday.

Mrs. John Budge of Minneapolis, Minn. is visiting with her parents, Mr. and Mrs. Frank Fenderson at their Channell Lake home.

Jim French returned home on Saturday last from a trip through the southern states. He expects to remain here for some time.

Miss Effie Harden of LaFayette, Ind., is spending her vacation with her mother Mrs. J. L. Harden and other Antioch relatives and friends.

The gasoline engine and pump at the creek are being repaired by Fred Smith, and Chas. Lux will soon begin the work of sprinkling the streets.

Mr. and Mrs. D. J. Minto and daughter of Millburn left the fore part of the week for Colorado where they expect to remain for the next two months.

Chas. E. Blunt has purchased of Christopher Trieger, lot 5, block 2 in Chinn & Burke's addition. This is the first lot north of the Catholic church on Victoria street. We understand the price paid was \$200.

The exceedingly warm weather of the past two weeks has been the means of bringing the city people out to the lakes in large numbers. Saturday afternoon and evening unusually large crowds came out from Chicago to spend Sunday at the lakes, and the hotel proprietors were kept busy entertaining their guests. The fishing is excellent and large strings of fish are being landed every day.

On Wednesday afternoon of last week the eight members of Mr. and Mrs. Thos. Dyll of Oak Park, was brought here by the 3:15 train for burial in the Grass Lake cemetery. Mrs. Dowell in the Grass Lake cemetery. Mrs. Dowell was formerly Miss Edith Paddock of Channell and lived in this vicinity all her life. At about a year ago she with her family moved to Oak Park to reside. The cause of the child's death was an attack of measles, and Mrs. Dowell is also reported quite ill with the same disease. The many friends of Mr. and Mrs. Dowell sympathize with them in their bereavement.

On Saturday of last week, Ern Hook of Mo. met with quite a serious accident. While driving along the Fox Lake road near the H. J. Nelson farm he saw a automobile coming toward him, and knowing that his horse was afraid he got out of the buggy and held the animal by the head. After the machine had passed he stepped into the buggy just as the horse made a lunge forward. In order to stop it Mr. Hook quickly pulled up on the lines and as he did so the bit broke, thus leaving him with no control whatever over the frightened animal. As soon as the horse felt the breaking of the bit and realized that it was free it broke into a run. Mr. Hook was thrown out and quite badly scratched and bruised although luckily no bones were broken. The buggy was badly smashed up.

Will Gauger was a Waterford visitor Sunday.

Miss Lillie Watson was a Waukegan visitor Saturday.

John Engman was transacting business in Chicago Monday.

J. J. Morley and L. L. Soule spent Thursday last at Libertyville.

Dr. and Mrs. J. H. Reading spent Sunday with relatives at Silver Lake.

Miss Marguerite McDaniels and Miss Lolah Kennedy spent Thursday in Antioch.

Mr. and Mrs. Edwin Wilton and family are entertaining Mrs. Wilton's sister from Iowa.

Mr. and Mrs. W. F. Ziegler spent the latter part of last week with friends at Wilmette.

Mrs. F. H. Schenning and Mrs. Chester Hockney of Silver Lake were Antioch visitors Friday.

Mrs. Bertha Frieze of Evanston spent the latter part of last and the fore part of this week with Antioch friends.

Miss Laura Cannon formerly of this place is one of the graduates from the Waukegan High school this spring.

Mr. and Mrs. Howard Riggs of LaFayette, Indiana, are visiting with Mrs. Riggs' mother and other Antioch relatives this week.

Mrs. Rollo Schwartz of Evanston arrived on Saturday afternoon for a visit with her parents, Mr. and Mrs. John Grimm and other relatives at this place.

Mrs. C. G. Nelson, of Longmont, Colo. who is visiting at Lake Villa, spent the latter part of last week with her aunt, Mrs. J. J. McDougall at this place.

Assemblyman Curtis, of Trevor came home the fore part of the week to spend the Fourth with his family. The legislature having adjourned until July 8.

John Welch has made a monument of Minnesota granite which the Pitman family will have erected on their lot in the Antioch Hillside cemetery in the near future.

The old wood hitching posts which for years have stood in front of Williams Bros. store and Swan's drug store, are this week being replaced by new ones, made of gas pipe.

George Gillings has suffered a stroke of paralysis and now lies in a critical condition at the home of his sister, Mrs. Van Alsting at Millburn. He is unable to talk and grave fears are felt for his recovery.

That Congressman Geo. E. Foss, of Chicago will be a candidate for the United States Senate against Senator A. J. Hopkins, in the event of a break in the Deenen organization in Cook county is the latest political gossip.

Miss Ada Lux returned from her visit at DeKalb on Friday of last week. Having sold their photograph gallery at that place, her sister Pearl accompanied her home for a visit with her parents and numerous Antioch friends.

John Welch last week placed a Barre granite monument in memory of his brother David in the Antioch Hillside cemetery. The base is 5 feet 6 inches by 2 feet 10 inches and 1 foot 10 inches deep. The top and die is 4 feet 8 inches by 3 feet 2 inches. The weight is six tons.

The town of Bristol is to have a state bank and articles of incorporation for the same have been filed with the commissioner of banking and also with the Register of Deeds. The incorporators are L. H. Zaun, Edwin J. Zaun and A. O. Zaun. The capital stock is \$10,000 and it is expected that the bank will be open for business about the middle of July.

J. R. Cribb transacted business in Waukegan Saturday.

Mr. and Mrs. John Martin spent Sunday last at Silver Lake.

Misses Jennie and Nellie Kennedy spent Friday in Kenosha.

Mr. and Mrs. Wm. Keufman and family spent Sunday at Silver Lake.

Dr. Becker of Silver Lake made a trip to Antioch in his automobile on Friday last.

The farmers in this vicinity have begun haying and all report having a pretty fair crop.

J. P. Byrd, of the Greenacre farm, left on Wednesday for Atlantic, Iowa, on a few days business trip.

Mrs. N. O. Turner of Muncie, Ind., who has been visiting her sister, Mrs. John Drury, returned home Friday.

Miss Julia Hockney returned home from her eastern trip on Saturday afternoon of last week. She reports having had a most delightful time.

Mrs. Chester Whitmore of Ottumwa, Iowa, who has been visiting relatives and friends here for the past two weeks, returned to her home on Friday last.

Mrs. C. McDaniels and daughter Zella, of Montana, who have been visiting with Trevor friends for some time, left on Tuesday for an extended trip through the south.

The Club Zebak will have another of their annual picnics at their Channel Lake home on Sunday, July 21. This will be their second annual outing, and those who attended the one given last year will be more than pleased to be present again this year.

Mrs. Mary Porter, of Poultny, Vermont and Miss Elizabeth Welch, of Saratoga Springs, N. Y., who have been visiting their sister, Miss Hanna Welch and brother, John and wife at this place for the past six weeks returned to their home in the east on Tuesday of this week.

On Sunday last King Oscar lodge A. F. and A. M., of Chicago, together with their ladies enjoyed a day's outing at Schenning's Silver Lake Summer resort. Over two hundred were present and a jolly good time was had by all. There was a ball game in the afternoon and orchestra music was furnished during the day by Wm. Hanneman, L. M. Haynes and Miss Leota Haynes.

The executive council of the Lake county Soldiers and Sailors Reunion Association will meet at the G. A. R. hall, Waukegan Saturday, June 6, at 1:30 p. m. to choose the time and place for holding their annual reunion. Propositions for grounds and entertainment will be received from places wishing to have the reunion. Commands and others are invited to attend this meeting. H. W. Hall, sec'y. J. S. Knights, pres.

On Thursday afternoon of last week the little two year old son of Mr. and Mrs. H. H. Kellogg fell from an upstairs window into the cellar way beneath. Fortunately the little fellow landed in a puddle of mud which prevented him from receiving serious injuries. Although he was unconscious from the fall, no bones were broken and no internal injuries were received. At present he seems none the worse for his adventure.

One day last week while cutting grass near a slough on his farm south of town, Henry Grimm noticed a turtle crawling about and upon taking a closer look at it he discovered that the shell bore the inscription, L. Cannon, 1893. Mr. Grimm caught the turtle and has been exhibiting it to his friends. The turtle was not a very large one considering its age, for by the figures which Mr. Cannon carved on its back it is shown to be at least fourteen years old.

Born to Mr. and Mrs. Ray L. Hubbard on Tuesday, July 2, a baby boy.

Mrs. Wm. Hodge of Solon Mills is visiting with relatives here this week.

A. B. Holmes of Chicago was the guest of John Drury and family over Sunday.

Mr. and Mrs. H. D. Hughes, of Gurnee, were calling on Antioch friends Tuesday.

John Jamieson of Chicago spent Sunday with his wife and sisters at this place.

New and second hand pianos for sale or rent. Prices always right. L. B. Grice, 201f

The fishermen who go to Cross Lake should be more careful of the liquid refreshments they use.

Chas. Kelly of Chicago spent Sunday with his parents, Mr. and Mrs. Wm. Kelly at this place.

C. M. Holmer returned to Chicago Sunday evening after spending a few days with his family here.

Mrs. Lyman Paddock was taken to a hospital in Chicago, on Tuesday, where she will undergo an operation.

Between five and six thousand people attended the Old Settlers picnic at Union Grove on Wednesday of last week.

The next regular meeting of the Ladies Aid will be held on Wednesday afternoon, July 10.

During the past week John Thayer has torn down the old barn on his property adjoining the Olcott property on the south.

F. W. Weigle of Ripon, Wis., arrived here Tuesday evening, being called here suddenly on account of the illness of his baby girl.

The Northwestern Brewing company have rented of Gray & Yopp their saloon at Basetts, and took possession of the same this week.

See Alden, Bidingier & Co., for anything in music. Pianos, phonographs and records. Two stores, 473 Market st., Kenosha, and 209 N. Genesee st., Waukegan. For piano tuning send to us.

Mrs. Jacob VanPatten who has been enjoying a trip in the north for the past month or so returned to her home here the latter part of last week. While away she visited a sister at Beloit, Wis., her grandson John and family at Chetek, Wis., and relatives at Minneapolis, Minn.

For the convenience of those who wish to attend the picnic given by the Club Zebak on July 21, the Wisconsin Central railroad company will run two special trains on that day, one leaving Chicago at eight o'clock a. m. and the other at nine o'clock. The Sunday special will also make its regular trip.

On Friday of last week Frank Dunn, who resides on the Ben Achen farm near Russell, had a narrow escape from death, and as it is well laid up for some time. He was in the loft of the barn and in some manner fell to the floor beneath, breaking his leg and also his arm. Although the accident is a serious one he is indeed fortunate to escape instant death.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for piles, and its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel-capped glass jars 50 cents. Sold by J. H. Swan.

ANTIOCH NEWS.

A. B. JOHNSON, Publisher.

ANTIOCH, ILLINOIS.

Taylor, the negro, is one of the best sprinters in America. He is warranted fast black.

Norway's seaweed, used as fuel, yields a greater revenue than do the fisheries of that country.

If women would rather do the proposing than the supposing, why, the men ought to be agreeable.

With famine, rebellion and earthquakes, China isn't missing many of the big things going this year.

A Chicago girl refused to marry a man, who at once justified her lack of confidence by killing himself.

Dr. Emil Reich says music is dead. Perhaps they have no piano in the flat above the one Dr. Emil occupies.

The doctor who collected 1,000 skulls ought to be an ex-officio member of all the Greek-letter fraternities.

Says an Alabama poet, "I said in my haste all fishermen are liars." Haste? After due reflection you mean, man.

Are we not to be permitted to retain a single old belief? A Washington expert now says that it is healthful to eat green fruit.

Prof. Bell says we shall soon be flying. Others have thought that, too, professor, but the law of gravitation has been in the way.

Once in a while some girl who has never been in a chorus succeeds in getting a rich husband, thus showing that there are exceptions to all rules.

A Paris paper says Emperor William looks and acts like a Frenchman. It is evident, that the Parisian editors are bound to keep Germany and France from becoming friendly.

The former office boy of a St. Louis clock company has been made its temporary manager. The moral of this brief story is uncertain. Which pays better—to be on time or to keep one's eye on the clock?

A St. Louis university has established a chair for chauffeurs. Doubtless it will be much pleasanter to be run over by a college graduate than by some rude person who knows nothing about the classics.

Roller skating parties in a rink erected on a lawn are the latest fad. If this roller skating craze gets much worse we shall have to pave all the streets with asphalt and warn automobiles and wagons off.

Chinese laundrymen in Chicago are organizing a military company in anticipation of an upheaval at the death of the dowager empress. We should think they could do damage enough by going home and doing washing for their enemies.

It is said that anyone wishing to dilute wine with water can be sure the wine will kill the microbes which may lurk in the water within six hours after the mixture is made. But how long does it take the water to kill the germs of "brain storms" in the wine?

After she has secured him and has safely put him away where she knows she can get him at any time doubtless the girl who won a husband by hitting him with a snowball will confess to him that she was aiming at a cow on the opposite side of the street from him.

The most unique method of delivering mail doubtless is that employed by steamers passing the islands of the Tonga group in the Pacific. On account of many reefs landing is extremely dangerous, and the few letters to be delivered are attached to large skyrockets, which are fired and reach the shore in safety.

The historic plains of Abraham will be dedicated as a national park at the celebration next year of the three hundredth anniversary of the founding of Quebec, provided those most prominent in the commemoration are able to have their way. At present the plains are marred by a rifle factory, and instead of listening to the demand that they remove to another site, the owners of the plant demand more room.

The Evening Mail, of New York, goes earnestly if not profoundly into the question of what makes or breaks a hotel. It talks pleasantly about the old-time boniface of rubicund countenance and warm jolly at the tap, tells how he is succeeded by the modern clerk and upon these premises places the unassailable conclusion that the hotels that get the money are made and that those falling to get it are broken. It only took a little over half a column, says the Detroit Free Press, to work out the syllogism.

Underneath the reassuring reports as to Mr. Chamberlain's health given out by his family there circulate persistently rumors of the incurable nature of his malady. One statement very strongly made in England, in private circles, is that Mr. Chamberlain is dying from cancer.

One woman who applies for a divorce says that her husband took her home on their wedding day and that his former wife was at the door and wouldn't let her in, but took back her husband. Some men are so careless about doing things of that sort.

OIL KING MUST OBEY

JUDGE LANDIS INSISTS THAT ROCKEFELLER TESTIFY.

WEALTH AND AGE IGNORED

Attorney Miller Pleads in Vain to Have Subpoenas Recalled—Jury Disagrees in Ohio Case Against the Standard Company.

Chicago.—Efforts to thwart the serving of a subpoena on John D. Rockefeller, president of the Standard Oil Company, were halted Friday when Judge Landis in the federal court warned Attorney John S. Miller that the oil trust that the head of the great combine would have to appear personally and that no excuses would be accepted.

Mr. Miller appealed to Judge Landis in a conference held in the judge's chambers with United States District Attorney Simms and Assistant District Attorney Wilkerson, to allow others to appear in Mr. Rockefeller's stead.

"He is an old man," said Mr. Rockefeller's attorney, speaking of his multimillionaire client, the richest man in the world. "He has little to do with the affairs of the company."

"Besides he is very wealthy and has a great many interests that would be jeopardized were he forced to leave them and come to Chicago to appear before your honor personally."

"Mr. Rockefeller's wealth and his great interests make no difference to this court," smiled Judge Landis. "The subpoenas will have to be served, and Mr. Rockefeller will have to come into court and answer the questions which must be answered before we can get at the bottom of this question of fixing a fine upon his company."

Subpoenas Reach New York. New York.—Subpoenas requiring the presence of John D. Rockefeller, president of the Standard Oil Company; Wm. Rockefeller, H. H. Rogers, John R. Archbold and a number of other officers of the company to testify as witnesses before the federal court of Chicago on July 6, were received by United States Marshal Henkel Friday. Marshal Henkel was unable to serve subpoenas upon Mr. Rogers and W. H. Tilford, treasurer of the company, as they are now in Europe, and the subpoenas will be returned with notice to that effect.

John D. Rockefeller, Wm. Rockefeller and Charles M. Pratt were out of the city, and Marshal Henkel expected that a day or two would be required to find them. The marshal personally served the subpoenas on John D. Archbold, Wm. T. Howe, Charles T. White, James A. Moffett, president of the Standard Oil company of Indiana, and H. E. Felton, of the Union Tank line.

Jury Disagrees in Oil Case. Findlay, O.—The jury in the case of the state of Ohio against the Standard Oil company, charged with violating the anti-trust laws, Friday disagreed and was discharged.

According to rumor, the jury when it first retired stood six for conviction and six for acquittal. Subsequently, it is said, the jury stood eight for acquittal, and when the disagreement report was brought in, the vote stood seven to five for acquittal. The case was given to the jury on Wednesday last.

FARMER KILLS HIS WIFE.

Says That She Attacked Him With a Bread-Knife.

Waverly, Minn.—John J. Mooney, a well-to-do farmer living near here, killed his wife shortly after noon Friday. Then he came to town and surrendered himself. He says that when he went home to dinner he found no preparations made for a meal and when he complained to his wife she told him to cook his own dinner. He was doing so when the woman attacked him with a bread-knife, cutting him on the wrist. Mooney had a block of wood in his hand, which he was about to put into the stove. He hit his wife over the head with this and killed her instantly.

Suspected of Wife Murder. London.—Walter Swinburne Hancock, formerly an Episcopalian clergyman of a fashionable church in Chicago, whom his bishop inhibited on account of scandals with women, is under police surveillance here. He is suspected of having poisoned his wife, who was the widow of Paul Townsend Jones, of New York, allegations to that effect having been made in the Kensington coroner's court at an inquiry now being held. Hancock's Chicago troubles occurred in 1897.

Lightning Near the President. Oyster Bay, N. Y.—Lightning struck and shattered a presidential banner pole which stands less than 100 feet from the executive office here Wednesday afternoon. No one was injured.

One Official Kills Another. Charlotte, N. C.—A special from Bakersville, Mitchell county, gives news of a fatal encounter near there when County Treasurer J. O. Randolph stabbed County Commissioner Anderson Burleson to death with a pocket knife. The killing followed a dispute over tax returns.

Spanish War Minister Dies. Madrid.—Gen. Lono, the minister of war, died Sunday. Gen. Lono received his portfolio from Premier Maura last January.

MINE BLAST AN ACCIDENT

WITNESS TRIES TO DISPROVE ORCHARD'S STORY.

Says He Put Powder in Vindicator Shaft—Threats Against Steunenberg Told Of.

Boise, Idaho.—In their efforts to disprove the story told by Harry Orchard, counsel for Haywood put a witness on the stand Friday whose testimony indicated that the explosion in the Vindicator mine was an accident instead of a crime.

Thomas Wood, a nonunionist who entered the Vindicator mine as a timberman after the strike began, swore that the night before the explosion he placed a box containing 25 pounds of giant powder at the shaft of the eighth level. He saw the powder the next morning shortly after ten o'clock, and a few minutes later Superintendent McCormick and Foreman Beck came to the eighth level. They remained but a short time and left to go to the sixth level, where they were killed. Wood swore that when he reached the shaft 20 minutes later the powder was gone, and it was a reasonable inference that McCormick and Beck took it with them.

Wood testified that he had seen a revolver in Beck's pocket, that the fragments of only one revolver were found in the sixth level, and that the bodies of McCormick and Beck were blown apart, indicating that the explosion had occurred between them. Orchard said that he fixed a revolver with a wire attachment so that when the safety bar was raised it would send a bullet in the giant powder he had placed.

William Easterly, who concluded his testimony Friday morning, and D. C. Copley, who was called in the afternoon, both swore that they heard Orchard tell of the loss of the Hercules mine and threaten to kill Steunenberg for it. On cross-examination the state scored them both, and particularly Easterly, who received two letters and one telephone message from Orchard on the eve of the killing of Steunenberg, for remaining quiet when they knew a crime might be committed.

BILL PERILS CROPS IN KANSAS.

Hepburn Measure Said to Make Harvest Hands Hard to Get.

Topeka, Kan.—T. B. Gerow, director of the free employment bureau of Kansas, has sent a letter to E. E. Clark, a member of the interstate-commerce commission, formerly protesting against the manner in which he asserts the Hepburn bill has destroyed the former effective plans of sending out harvest hands into Kansas.

"Heretofore we have been able to send five men in a party at the rate," wrote Mr. Gerow. "Now we must have a party of 15. Further than that pay agents are sending them from stations to places where they are not wanted. Farmers are telegraphing me about the trouble in getting men. We cannot afford to have our wheat crops destroyed in this manner. I wish to make my protest now."

NAMED TO TEST MRS. EDDY.

Federal Judge Aldrich to Ascertain Her Mental Condition.

Concord, N. H.—Judge Edgar Aldrich, of Littleton, was appointed master to determine the competency of Mrs. Mary Baker G. Eddy by Judge Robert N. Chamberlain, of the supreme court, late Friday. The master is named in connection with the suit brought by Mrs. Eddy's son, George W. Glover, of Lead, S. D., and others as "next friends" for an accounting of Mrs. Eddy's property.

He is directed to ascertain, determine and report whether Mrs. Mary Baker G. Eddy was capable of intelligently managing, controlling and conducting her financial affairs and property interests, March 1, 1907, and to make and file his report with the clerk of the court on or before September 30, 1907.

SUNDAY NOT A WEEK DAY?

Novel Question Raised by Saloon-keeper in Seymour, Wis.

Seymour, Wis.—L. A. Stammer, a saloonkeeper here, has raised a novel question. He was recently arrested for keeping open his saloon after 11 o'clock Sunday night. He will fight the case, claiming that the ordinance under which he was arrested reads: "Shall be closed each and every day at 11 o'clock p. m." Stammer claims that Sunday is not a week day.

Tenement Falls; Seven Dead.

New York.—Seven persons, six of them members of one Italian family were killed early Tuesday in the collapse of a ramshackle tenement in the downtown Italian quarter. Three other members of the same family, including the father and mother, are in a hospital, painfully injured.

Want More for Sunday Work. New York.—The longshoremen on the docks of the Cunard line struck Sunday when the steamer Umbria from Liverpool docked. The men demanded 60 cents an hour for Sunday work, which was refused. Stewards of the vessel with the help of non-union men removed the baggage.

Hubert Henck Is Dead. Cincinnati.—Hubert Henck, theatrical magnate, died Sunday afternoon at his home in this city after an illness lasting many months.

Is the Sailors' Friend.

Sixty thousand sailors look to H. A. Hanbury for advice and for protection. Mr. Hanbury is the United States shipping commissioner for the port of New York. He is the sailors' Judge and Jury. The men who sign on foreign craft now must appear before him for their papers instead of going to the consuls of the various countries. He decides all disputed questions between the men and their sailing masters. Many of the abuses of these men that formerly were common, such as compelling them to buy their outfits from the ship owners or captains, have been done away with under Mr. Hanbury's rule. His office is on the Battery park, New York, where he easily can reach all the ships leaving that port.

INSURANCE INVESTMENTS.

How One Company's Assets Are Distributed in the South and West.

In connection with its withdrawal from Texas, along with many other companies, rather than to submit to the new law which requires that 75% of the reserves on Texas policies shall be invested in securities of that state, which securities shall be deposited in the state and subjected to heavy taxation, in addition to the large tax now imposed on life insurance premiums, the Equitable Life Assurance Society has made public the distribution of its assets, at the end of the second year of the new management. The Equitable now has \$10,958,000 invested in Texas, which is twice as much as the new law requires, but the management decided that to submit to the additional taxation would be an injustice to its policyholders in other states, which impose no such penalty on the thrift of their citizens.

The Equitable's report shows that more than 37% of its total reserves are now invested in the southern and western states, while only 35% of its total insurance is carried in these states. Its investments are distributed as follows: Ala., \$3,099,000; Ariz., \$974,000; Ark., \$4,038,000; Cal., \$5,142,000; Col., \$5,222,000; Fla., \$4,924,000; Ga., \$4,048,000; Idaho, \$5,197,000; Ill., \$12,617,000; Ind. Ter., \$448,000; Ind., \$6,836,000; Iowa, \$3,690,000; Kansas, \$11,637,000; Ky., \$2,631,000; La., \$3,054,000; Md., \$2,207,000; Mich., \$5,009,000; Minn., \$2,065,000; Miss., \$1,767,000; Mo., \$8,197,000; Mont., \$1,890,000; Neb., \$7,526,000; Nev., \$540,000; New Mex., \$1,376,000; N. C., \$1,649,000; N. D., \$677,000; Ohio, \$1,634,000; Okla., \$1,006,000; Ore., \$1,158,000; S. C., \$975,000; S. D., \$1,905,000; Tenn., \$1,909,000; Utah, \$2,134,000; Va., \$5,582,000; Wash., \$1,202,000; W. Va., \$5,523,000; Wis., \$2,342,000; Wyo., \$3,367,000.

SIGNS FOR PAST SHOWS.

Mark Twain Regrets Vanished Joys of Other Days.

Where now is Billy Rice? He was a joy to me, and so were the other stars of the nigger-show—Billy Birch, David Wambold, Backus, and a delightful dozen of their brethren who made life a pleasure to me 40 years ago and later. Birch, Wambold and Backus are gone years ago; and with them departed to return no more forever, I suppose, the real nigger-show—the genuine nigger-show, the extravagant nigger-show, the show which to me had no peer and whose peer has not yet arrived, in my experience. We have the grand opera; and I have witnessed, and greatly enjoyed, the first act of everything which Wagner created, but the effect on me has always been so powerful that one act was quite sufficient; whenever I have witnessed two acts I have gone away physically exhausted, and whenever I have ventured an entire opera the result has been the next thing to suicide. But if I could have the nigger-show back again, in its pristine purity and perfection, I should have but little further use for opera. It seems to me that to the elevated mind and the sensitive spirit the hand-organ and the nigger-show are a standard and a summit to whose rarefied altitude the other forms of musical art may not hope to reach.—Mark Twain, in North American Review.

COFFEE COMPLEXION.

Many Ladies Have Poor Complexions from Coffee.

"Coffee caused dark colored blotches on my face and body. I had been drinking it for a long while and these blotches gradually appeared, until finally they became permanent and were about as dark as coffee itself."

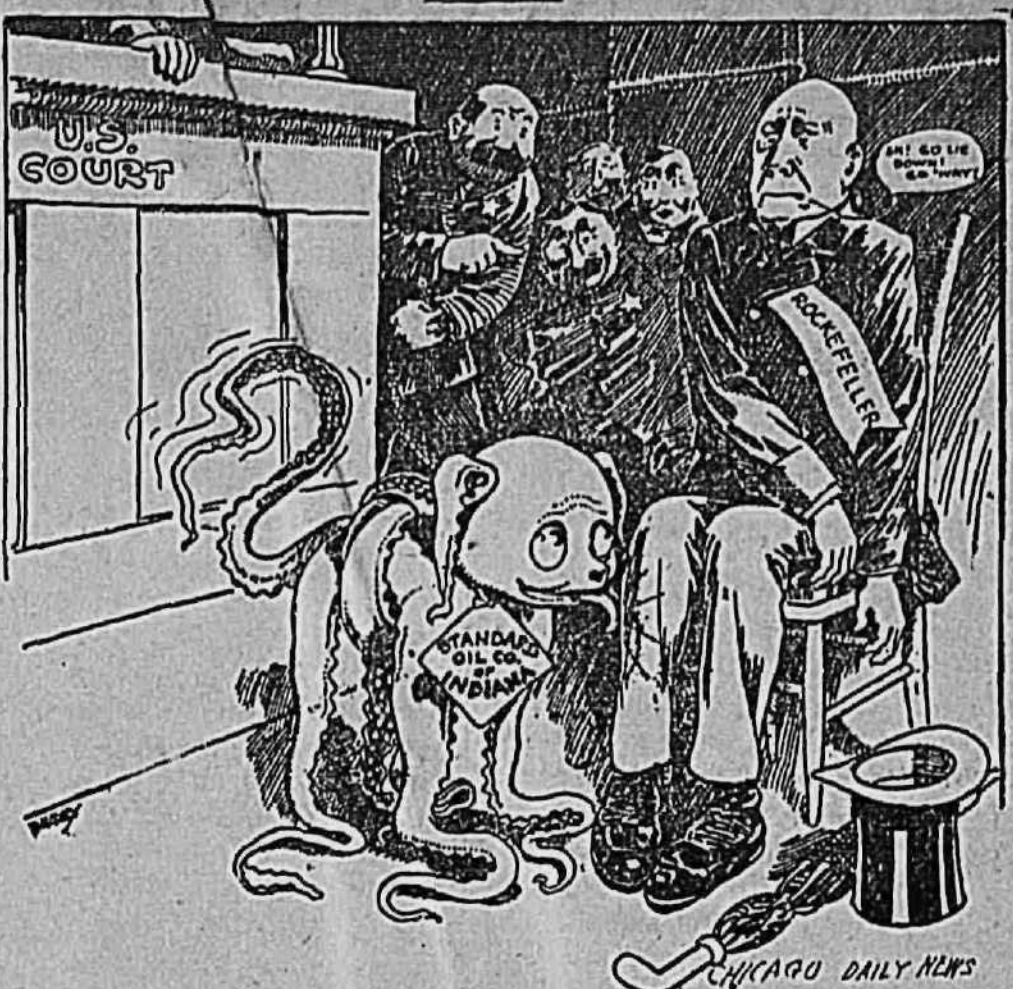

"I formerly had as fine a complexion as one could ask for."

"When I became convinced that coffee was the cause of my trouble, I changed and took to using Postum Food Coffee, and as I made it well, according to directions, I liked it very much, and have since that time used it in place of coffee."

"I am thankful to say I am not nervous any more, as I was when I was drinking coffee, and my complexion is now as fair and good as it was years ago. It is very plain that coffee caused the trouble."

Most bad complexions are caused by some disturbance of the stomach and coffee is the greatest disturber of digestion known. Almost any woman can have a fair complexion if she will leave off coffee and use Postum Food Coffee and nutritious, healthy food in proper quantity. Postum furnishes certain elements from the natural grains from the field that Nature uses to rebuild the nervous system and when that is in good condition, one can depend upon a good complexion as well as a good healthy body. "There's a Reason." Read "The Reason Why" in p. 10.

NO DOUBT IT WILL BE EMBARRASSING.

To Be Recognized in Open Court as Owner of That Little Octopus.

YALE'S CREW IS VICTOR

DEFEATS HARVARD BY ONLY A SCANT BOAT LENGTH.

E. H. Harriman Arrested—Magna Ignored Course Rules and Is Made Prisoner.

New London, Conn.—Before the largest crowd that ever witnessed a race on the Thames river the Yale crew Thursday evening, rowing on an average of four strokes to the minute less than Harvard, held the big Cambridge eight even until the last half mile, when the blue lot out their speed and won a magnificent contest by a scant boat length. Yale's time for the four miles was 21 minutes and 10 seconds; Harvard's, 21 minutes and 13 seconds.

The race was accompanied by one disagreeable incident. This was the arrest of E. H. Harriman, the railroad magnate, by Lieut. Bulmer, President Roosevelt's naval aide. Lieut. Bulmer, who was in charge of the revenue cutters, had warned every boat owner not to follow the race. The big varsity struggle had scarcely been started when Mr. Harriman, in a powerful motor boat, started to follow the race.

Lieut. Bulmer and Chairman Schweppes, who were aboard the regatta committee's boat, the Arrow, repeatedly warned Mr. Harriman to stop his engine and get out of the course. Mr. Harriman not only paid no attention to them, but took a position right alongside of the referee's boat and held it. Off the navy yard Lieut. Bulmer signalled for a launch and tooted the revenue cutter whistle, which finally caused Mr. Harriman to look around.

"You are under arrest, sir," shouted Lieut. Bulmer. "You will give yourself up to this man who will take you aboard the Gresham to await my orders."

Mr. Harriman saw no more of the race but was detained as any ordinary prisoner aboard the Gresham until after the race was over, when Lieut. Bulmer went aboard the Gresham and released him, but ordered his boat tied up at the navy yard. The incident may cost Mr. Harriman a fine of \$500. This was the penalty imposed on a yacht owner at last year's race for transgressing the rules governing the course.

The high wind that prevailed all day caused the postponement of the freshman and four-oared races to Friday.

HOLOCAUST IN HONGKONG.

Five Hundred Chinese Perish in Burning of a Theater.

Victoria, B. C.—A horrible holocaust is reported in mail advices from Hongkong, where 500 Chinese of the audience of a Chinese theater and ten of the actors were burned to death when the theater was destroyed by fire.

The flames spread rapidly and the building collapsed, blocking the entrance with burning debris. The fire is said to have been due to the lighting of explosives concealed under the floor of the theater, the fire following an explosion.

Five Assassins Arrested.

Goldfield, Nev.—Five assassins were arrested Saturday and 1,500 pounds of high grade ore alleged to have been stolen from Little Florence mine and valued at \$50,000 was recovered. The men under arrest are M. J. Smith, S. H. Prince, C. J. Trask, Henry Lutzenheiser and Fred Lutzenheiser. All gave bail in the sum of \$1,000 and the cases were set for hearing on July 12.

Judge Loving Acquitted.

Houston, Va.—The "unwritten law," invoked by a man whose mind was crazed by eight years of continual drunkenness, was vindicated Saturday. The jury in the Loving case, after only one ballot, freed the man who shot Theodore Bates for an alleged attack on his daughter.

Toledo Bank President Dies. Toledo, O.—Edwin Jackson, president of the Second National bank, died Sunday as the result of a stroke.

AUTO PLUNGES OFF BLUFF.

Falls 40 Feet Into Lake—One Man Dangerously Hurt.

Ortonville, Minn.—While going at a high rate of speed Sunday afternoon, an automobile suddenly swerved and went over a sheer embankment of 40 feet into Big Stone lake. One of the passengers was seriously hurt, and all had narrow escapes from drowning.

Those in the automobile were: Charles and Walter Bucholz, prominent merchants of Appleton, and the three-year-old son of Walter. They were driving along the lake shore road which at the point where the accident happened runs along the edge of a bluff. At the highest point the machine got beyond the control of the driver, swerved and went directly over the embankment. The heavy car did not turn over as it fell, but landed in 20 feet of water. Charles was struck by the steering wheel and received internal injuries which may prove fatal. A gasoline launch was near the scene of the accident, and those on board hastened to rescue the automobilists.

GOES HIGH IN HIS SKY CYCLE.

Ohio Lad Carried Up a Mile by Strong Air Current.

Columbus, O.—Tomwell Dixon, the 14-year-old aeronaut, made an ascent Sunday in his "sky cycle" and was carried up more than a mile by an adverse air current and drifted several miles before he was able to land. The propeller of the airship is run by foot power, and Dixon has been able to handle it readily in a light breeze.

Sunday after the ship had ascended a short distance, it was caught by a strong current of air, which whirled it about, and it shot rapidly upward until only the gas bag could be discerned by the naked eye. After being up about half an hour, Dixon landed safely several miles away from the starting point.

The boy was nervous throughout his trying experience, and declared that he did not feel concerned at any time for his safety, although thousands of people below were much alarmed.

NEW YORK STORM DEALS DEATH

Three Persons Killed by Bolt of Lightning During Outbreak.

New York.—A death-dealing electrical storm, following a day of sweltering heat soaked with humidity, swept over the city and surrounding territory, killing three persons, injuring several, causing many fires and doing considerable damage. In this city the only places struck were two churches. The steeples of both were torn into fragments.

Walter Dixon, a negro, was struck by lightning while stepping from a train at Fishkill; John Lawless, a laborer, was struck and killed in Brooklyn, while the third victim was Miss McKenna, daughter of J. A. McKenna of Newark, N. J., who was killed in Union Hill, N. J., where she had taken refuge under a tree.

Neck Broken by a Flat Blow.

Kansas City, Mo.—James Wilson, aged 22 years, formerly walking delegate for the local teamsters' union, was killed at Fairmount park, near this city, Sunday in a fight with Albert Poindexter, aged 22, and Luther Poindexter, aged 19, as a result of a quarrel over a union difference. While Luther and Wilson were fighting, Albert struck Wilson with his fist and broke his neck. Wilson died 20 minutes later. The Poindexter boys were put under arrest.

Holds War Tax Illegal.

St. Louis.—A decision was handed down Friday by Judge Pollack in the United States circuit court, holding that the tax of \$3,173.79 levied upon the estate of George A. Madill, as a Spanish-American war tax, was an illegal action. The suit was instituted originally as a test case by the Trust company, executor of the estate.

Rural News Notes

Staff of Correspondents

LAKE VILLA

Edgar Kerr went to Chicago Monday.
John Leonard was a Chicago passenger Monday.
D. Sugar was a Chicago business visitor Tuesday.
Will Van Patten was a Chicago-business visitor Monday.
Miss Lillie McMahon was a Chicago visitor Monday.
Mr. Lewin was a Chicago passenger on Monday morning.
Mrs. Charles Harbaugh was a Chicago visitor Saturday.
Tom Sexton was a Waukegan business caller Monday.
Will and Charles Lewin visited home folks over Sunday.
Mr. and Mrs. Hitchcock's daughter is visiting them for a few days.
Albert Peterson of Chicago spent Saturday and Sunday with Dr. Morrell.
Dr. and Mrs. F. S. Morrell visited in Chicago the latter part of last week.
D. Sugar is having a cement sidewalk laid in front of his property on Cedar ave.
The Lake Villa second ball team have secured their new suits and are now ready for battle.
Monday a force of men were at work repairing the flag pole in the park and getting ready for the Fourth.
Albert Peterson has had his yacht Helen overhauled and fitted with new silk sails and a fresh coat of paint.
Ray Bown, who formerly drove for Chas. Harbaugh, has secured a position as fireman on the Wisconsin Central.
Mrs. C. H. Morrell and Mrs. G. W. Bissell of Chicago and Ames, Iowa, spent Tuesday with Dr. and Mrs. F. S. Morrell.
Tony Armstrong returned Sunday from his trip to Indiana. Mrs. Armstrong and daughter remained for a more extended visit.
The Ladies Aid society will meet with Mrs. W. J. Barnstable, Wednesday, July 10. Supper served at 5 o'clock. All are welcome.

Dan Wolf and sister visited with Ramey Sherwood and family Saturday and Sunday. Dan left Monday for Colorado on a pleasure trip.

G. V. Cordling had the misfortune to run a harpoon tooth through his foot last Saturday which will lay him up for a few days.

I wish to express my heartfelt thanks to the relatives and friends who so kindly assisted me during the sickness and death of my son.

Thursday Tom Sexton entertained the whole community of Allendale farm at his cottage on Deep Lake. Tom is a first class entertainer and had lots of ice cream, cake, pop, etc., on hand for the boys.

Balmora Park, on the north shore, opens Wednesday evening with a big dance. Petersen's six piece orchestra will furnish the music. A new dance floor has been laid and other preparations are under way.

TREVOR

Mr. Wyman was in Chicago over Sunday.
John Patrick was a Chicago passenger Sunday morning.
Mrs. Parks and an aunt from McHenry were Lake Villa visitors Thursday.
Mrs. Joe Yopp and family are visiting her parents, Mr. and Mrs. McGinty.
Mrs. Geo. Faulkner of Wilmett, was calling on Trevor friends Monday.
Mr. and Mrs. McGinty entertained a party of people from Chicago over Sunday.
The butter factory closed last Monday, but the two saloons are running in full blast.
The Ladies Club of Trevor will meet in the strawberry patch every day for a few days. Strawberries and gossip served free.
Mrs. McDaniels and daughter of Montana, who have been visiting Mrs. Stewart, left last week for their old home in Virginia.
Pearl Crandall had the misfortune to be thrown from his buggy Sunday evening, breaking his leg. The horse he was driving became frightened at an automobile.

GRAYSLAKE

W. B. Higley left on Tuesday for a business trip to Dalhart, Texas.
Miss Cora White is spending her vacation with her parents here.
Wm. Parker entertained a brother and nephew from Chicago over Sunday.
Mrs. Geo. McNamara of Russell has been spending a few days with her parents here.
Mr. and Mrs. Earl Corlett of Libertyville were guests of Mr. and Mrs. Fredricks over Sunday.
R. B. Godfrey returned home from his visit to England on Friday and reports a most enjoyable visit.
Mrs. E. B. Sherman entertained her brother, Charles Allard, and bride from Indianapolis on Saturday.

Bula Johnson returned home from Wisconsin Saturday where she has been visiting her grandmother for some time.

Wm. Moore, who is employed at Mr. Frank's ice cream factory, had the misfortune to injure his arm quite badly in the ice crusher on Friday.

Mr. and Mrs. Ed. Adams entertained Mr. and Mrs. George Adams and Mr. and Mrs. F. Kimbark and son, all of Chicago, from Saturday until Sunday evening.

The many friends of Mr. Ed. Rollins are grieved to learn of his illness. He was taken to the Westside hospital at Chicago on Saturday where he underwent an operation for cancer on his lip, also one in his throat.

On Thursday of last week at Chicago occurred the marriage of Miss Ethel Kapple, daughter of Mr. and Mrs. Ed. Kapple of this place, to Mr. Percy Gray of Chicago. Their friends join in wishing them years of happiness.

When there is the slightest indication of indigestion, heart burn, flatulence or any form of stomach trouble take a little Kodol occasionally and you will be afforded prompt relief. Kodol is a compound of vegetable acids and contains the juices found in a healthy stomach. Kodol digests what you eat, makes your food do you good. Sold by J. H. Swan.

MILLBURN

Leslie and Mortimer Cannon are home from school.
Mrs. George Strang's son of Waukegan has been visiting her.
Mr. Adams and children of Chicago Lawn, spent Sunday with Mr. Pantell.
Lester Mitchell of Waukegan is visiting with his grandmother, Mrs. M. Spafford.
Miss Gladys Gail of Highland Park is here visiting with her aunt, Mrs. C. E. Denman.
Mr. and Mrs. Eugene Strang of Waukegan have been here visiting with Mrs. George Strang.
Mrs. Elizabeth Tower has been visiting for a few days with Mrs. B. F. Shepard in Gurnee, she returning home Sunday.
Mr. and Mrs. Lyburn Stewart of Chicago came Saturday night to visit with Mr. A. H. Stewart. Mrs. Stewart is to remain for some time.
Mr. and Mrs. Edwin Thom and little child, and Mr. and Mrs. James Thom and son visited with Mr. and Mrs. Thom of Libertyville.

RUSSELL

Mrs. Floy Dixon is spending the week at Gurnee.
Miss Etta Carney spent Sunday with her aunt, Mrs. Pat. Hoy.
Some of our young folks attended the concert at Ravinia park Sunday.
Mr. and Mrs. Louis Bennett are rejoicing over the arrival of a baby boy.
Mr. and Mrs. Rolland Mellon of Chicago visited at Hugh Carney's during the week.
Andrew Strang returned from Michigan on Tuesday where he had been visiting his son Earl.
Mr. and Mrs. Dr. Young and family spent the last of the week visiting relatives at Gurnee.
Mrs. G. P. McNamara is spending some time with her mother, Mrs. Godfrey of Grayslake.
Frank Dunn met with a bad accident on Friday. He fell from a barn and broke one arm and some small bones in one leg.

Natural Preference.
Customer (who has found a hair on his butter)—Walter, tell the proprietor that I prefer my butter bald.—Pals. Mele.

BRISTOL

Mrs. Dixon was calling in Kenosha Monday.
B. Benson and wife of Genoa Junction, Sundayed at W. C. Bacon's.
Harry Castle and family of Chicago Sundayed at E. S. Cagle's.
Mr. and Mrs. Hatch went to New London Monday for a few days' visit.
H. B. Judson and family of Evanston, are spending a few days at H. Bryant's.
Miss Edith Mitchell went to Waukegan Friday afternoon for a few days' visit.
Mrs. Frank Gilbert has been quite sick for a few days, but is some better at present.
H. B. Gaines went to Chicago Saturday afternoon, returning Sunday. He reports Mrs. Gaines gaining.

Frank Barter, who is running the switch engine at Twin Lakes at present, spent Sunday at home.

Clarence Curtis and R. R. Corawell made the round trip to Kenosha on their motor cycles Monday afternoon.

Bryant Judson had the misfortune to have his auto smashed up by a freight train in the Kenosha yards Saturday luckily no one was injured.

The John Mutter property on Main St. has been sold to a Mr. Zahn from Hartford, Wis. Mr. Zahn informs us he will start a bank in the near future.

W. A. Rowbottom came out from Chicago Saturday afternoon and spent Sunday with his parents. Mrs. Rowbottom, who has been visiting here the past week, returned with him.

Chance to Sell Corn Shellers.
Kaffirs in many districts of Africa still winnow their corn by beating it with sticks and throwing it in the air. A simple corn sheller would doubtless sell well if properly introduced.

Mr. and Mrs. Dr. Young and family spent the last of the week visiting relatives at Gurnee.
Mrs. G. P. McNamara is spending some time with her mother, Mrs. Godfrey of Grayslake.
Frank Dunn met with a bad accident on Friday. He fell from a barn and broke one arm and some small bones in one leg.

Natural Preference.
Customer (who has found a hair on his butter)—Walter, tell the proprietor that I prefer my butter bald.—Pals. Mele.

GRASS LAKE

Mrs. Robert Selter is improving some, but is still very ill.
Mrs. Frank Savage is enjoying the whooping cough.
Mrs. L. E. Warner of Chicago is visiting her sister, Mrs. Chet Allen.
Miss Louise Rothers and Miss Tenn Little look in the sights of Antioch Friday.
Mrs. David Cushing and daughter, Nellie, were Chicago visitors a few days last week.
Mrs. Youngs and Mrs. Johnson of Chicago visited their aunt, Mrs. Mary Allen, over Sunday.
Mr. and Mrs. Melchoir came out to their cottage on Petite Lake last week. Mrs. Melchoir expects to stay out during the entire summer.
Harry Kepner from "across Grass Lake" was calling here last week. Mr. Kepner expects to build a residence of concrete where he lives and may engage in the cement business in the near future.

Long Live The King!

is the popular cry throughout European countries; while in America, the cry of the present day is "Long live Dr. King's New Discovery, King of Throat and Lung Remedies!" of which Mrs. Julia Ryder Paine of Tyro, Mass., says: "It never fails to give immediate relief and to quickly cure a cough or cold." Mrs. Paine's opinion is shared by a majority of the inhabitants of this country. New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it's the only sure cure. Guaranteed by J. H. Swan, druggist. 50c and \$1.00. Trial bottle free.

Spread of Appendicitis.
Appendicitis has made such steady progress in Germany from year to year that medical societies have taken it up for special extended study.

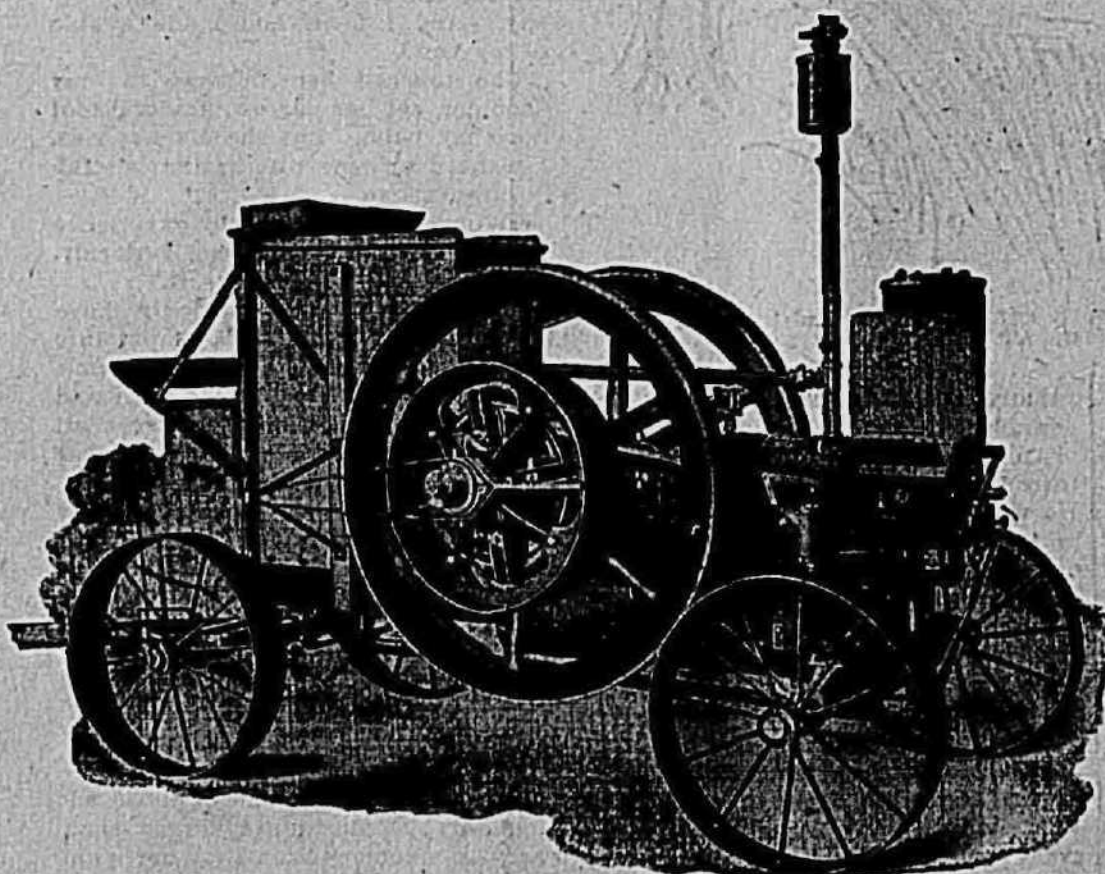

The effect of malaria lasts a long time.
You catch cold easily or become run-down because of the after effects of malaria.
Strengthen yourself with **Scott's Emulsion**.
It builds new blood and tones up your nervous system.
ALL DRUGGISTS; 50c. AND \$1.00.

The Married Woman's Sympathy.

When a married woman meets a particularly attractive, busy, contented spinster, she says plaintively: "Poor Ada, or Virginia, or Emmeline! What a pity that she never married!" She cannot help it any more than she can help the color of her hair. When Frederick—fumbling dreadfully, by the way—slipped the ring upon her finger, he endowed her not only with all his worldly goods, but also with an ineradicable pity for those upon whose hand the yellow band has never gleamed. If he had taken to beating her the following week, had developed an undue appetite for drink the next month and had deserted her the following year, she would still have looked with patronage upon me, unbeaten, unacquainted with intoxication, undeserted. There is no wife so unhappy, so neglected, so trampled upon, that she has not in her own opinion some one still more pitiable to whom to condescend, and that is any unmarried woman, no matter how busy, how cheerful, how popular.—Anne O'Hagan in Harper's Bazar.

Lost and Won.

"He who judges people by their money," said a clergyman, "is apt to fare like the man who gave a dollar to each of his little sons." "Now, boys," said the foolish man. "I am going away for a week. Take this money and see how much you can make out of it in my absence. To him that does the best I'll give a fine present." "On his return at the week's end he called the boys to him. "Well, George, how have you succeeded?" he asked the first. "George proudly took \$2 from his pocket. "I have doubled my money, father," he said. "Excellent," cried the father. "And you, John, have you done better still?" "No, sir," said John, sadly. "I have lost all mine." "Wretched boy," the father exclaimed. "How did you lose it?" "I matched George," faltered the lad.—Exchange.

Fond of Crab.

A jolly old boy from the Midlands entered into one of the hotels at the seaside and, seeing on the slab on the right a crab dressed on the shell with legs, claws and pincers ranged round, said to the landlord: "What d'ye call that?" "Crab," was the answer. "Looks good. I'll have one, and give us a pint of ale." Bread and butter was added and the dinner left to his dinner. In about an hour the genial landlord entered the dining saloon to see if his guest was getting on all right. He found him chawing up the last claw, the shaver red in the face, but beaming. "Like the crab, sir?" "Yes. He was capital. I never tasted one afore, but I think you baked us a little too long. The crust was hard. Let's have another pint." He had eaten the lot—shell, claws and all complete.—London Tit-Bits.

Heard at the Circus.

The "perfessor" was assuring his auditors that the strange animal they now beheld was the only one of its kind in captivity. A mild-mannered man edged his way to the front and waited for a pause in the oratory. "Is this an amphibious animal?" he asked, timidly, when his chance came. "Amphibious?" retorted the "perfessor." "Amphibious nothing. Why he'd bite you in a minute."—Kansas City Times.

Latest Social Nuisance.

What we are chiefly suffering from just at this moment is the insatiable mania for experimenting with telepathy, with transference and uncanny "occultism" in general. It all seems to have taken possession of society, says Home Chat. To-day we are confronted on all sides with professions of absolute faith in all sort of antiquated superstitions which were supposed to have been discredited years ago.

Not Looking for Opium.

They have a story in Washington of a prominent citizen who was conferring with President Roosevelt on the railroad question. "You don't talk it over with Mr.?" asked the visitor on leaving. "I can't discuss it with Root," was the answer. "He doesn't agree with me."

The Frank Part.

We all know—and spect—and avoid—such persons. The world is full of them—too full for the comfort of its other tenants. And frequently what the truth is not abstract truth, but is merely the expression of their own particular (and frequently erroneous) opinions.—Woman's World.

If They Could.

If farmers could drive horses attached to a plow through the country districts at the rate of 40 or 50 miles an hour, occasionally knocking an automobile on the embankment, or making a runaway, what a howl the auto owners would make!—Franklin News.

The Trouble M.

He who goes to the trouble of securing a return ticket—Puck.

ADRIFT TWO WEEKS.

Awful Experience of French Sailor or Picked Up by Carmania.

EIGHT DAYS WITHOUT FOOD.

Nine Days Without Water—Dreamed His Wife Had Brought Him Bread. Waking, He Found He Had Eaten His Mittens.

Louis Vallet of the French fishing schooner La Mimosa of St. Malo, who was rescued at sea by the Cunard liner Carmania after he had been adrift in an open dory fourteen days—eight days without food—thus relates his awful experience:

"My dory mate and I left the Mimosa at 4 o'clock on the morning of May 27. The weather was thick, and we could not pick up the first buoy. Finally a snow flurry came on, and as I felt that the boat was drifting I threw out a sea anchor. Then the sea suddenly

"I SAW HER ALTER HER COURSE."

rose, and I thought we had better get back to the schooner. So I cut away the sea anchor, and my mate started to row in the direction of our boat, but we could make no headway. "Suddenly a big sea swept both of us overboard. I could swim, and in spite of my heavy boots I got back into the dory, but my poor mate, Pachique Melon, was swept away. With him were carried away four out of five oars we had in the boat.

"When I got back into the dory I found that she was half full of water. "As the day wore on I frantically tried to row back to the schooner. I cut one of the thwart of the boat with my big fish knife and made a rough oar out of it, but I could get scarcely any way on the boat. As night began to fall I went to the locker where our stock of provisions was stored. I found that when the seas had washed over our boat the provisions had become wet.

"I suppose, though, I must have dozed off now and then, but the first night seemed to me the longest I have ever passed. I thought of my poor mate. I thought of my wife and children in France, and I prayed the Blessed Virgin to save me.

"At last morning broke. I searched the sea for some sign of the Mimosa or some other ship, but I could see nothing. The first morning I cut a notch in the side of the boat to show that a day had passed, and this I did every day regularly after that.

"The next night was worse than the first; the weather was frightful; the sea seemed to be running mountains high. The boat was swamped over and over again, and I made up my mind I was going to be drowned.

"Finally I took stock of my provisions. I found at the end of the fifth day that the water had given out, and I only had food for one day more. After I had eaten my last biscuit I grew so thirsty that I took a small drink of salt water to wash it down.

"The next day I had no food, but toward night it began to rain, and I caught some of the water and drank it. Then I think I must have got light headed. The dory seemed to me to be full of people, and my wife came and gave me bread. I found in the morning that I had eaten half of one of my mittens.

"I had long ago lost all reckoning of where I was. The last night before I was picked up was frightful. I heard voices, voices, everywhere whispering to me, calling me. Then I grew frightened; the horrible loneliness appalled me.

"When morning broke I saw a ship. It was a long, long way off, but I blew my horn and shouted as long as I could. The men on the ship did not hear me, and she steamed away. I prayed, and then I saw another ship. God must have heard my prayer, for I saw her alter her course and come nearer to me, and I knew I was going to be saved. All my little remaining strength seemed to leave me once I was safe on the deck."

Lived Two Years With Broken Back.

A special from Batavia, N. Y., reports the death there of Jacob Broadbrooks, who for two years has lived with a broken back. On May 31, 1906, Broadbrooks fell and fractured his vertebrae.

THE IDEAL WRESTLER.

Oliver Courtmanche of Minneapolis Built Like Greek Athlete.

In the old days of Greece beautifully formed athletes were produced. The Greeks thought symmetrical bodies were as desirable in athletes as special powers resulting from specially developed muscles.

While the athletes of today develop, as a rule, only the muscles used in their particular events, the ancient Athenians, etc., whether runners, jumpers, battlers with the cestus or weight

THE WRESTLER.

(Drawing by Artist Carl A. Bohnen of St. Paul, Minn. Posed for by Oliver Courtmanche of Minneapolis.)

throwers, developed all muscles, so that the champions in any one line had bodies well rounded and symmetrical throughout.

Sometimes in America today we find athletes with symmetrical bodies. As a rule, however, we do not. One exception to the rule is Oliver Courtmanche of Minneapolis, a wrestler of stellar ability, who has been drawn from life by Carl A. Bohnen of St. Paul.

Courtmanche's body is ideal from a wrestling viewpoint. No part of it is neglected. The high shoulder muscles and the leg muscles are rounded, strong and elastic. His waist is small. His neck is stout. If his brain is as well trained as his body, Courtmanche should become a champion in his class.

NAZZARO IN DEMAND.

Italian Winner of Kaiser's Auto Cup Bought by American Car Makers.

Speed demons beware! The goblin will get you! Who is the goblin? He is Nazzaro, the winner of the big auto race in Germany, the recent race for Kaiser Wilhelm's cup.

Nazzaro is an Italian, and several American manufacturers have thrown out tempting bait for him. They want him to come over here to again compete in the big American events.

Of course Nazzaro may not be any better as a driver than any one else that competed over the German course. His machine may have been the best. He may have had better luck. But as he won he would be a big drawing card over in the fickle U. S. That's why the auto builders want him. The

NAZZARO.

one that gets him will have to pay what the race track habitués call "big money."

Nazzaro is a driver who combines discretion with daring. His victory was not surprising, as recently he finished second in the Targa-Florio race in Sicily.

Nazzaro is well known in this country, having been twice a competitor in the Vanderbilt cup race, finishing sixth last year. His most recent success was in the famous Targa-Florio contest. He was second in the Grand Prix last year.

The Italian pilot drove his car over the hills and mud of the route at fifty-three miles an hour, covering the 204-mile circuit in 5 hours 20 minutes 10 seconds.

Hautvas, a Belgian, landed his Pipe machine second in 5 hours 30 minutes 10 seconds.

AUTHOR'S ROMANCE.

George Bronson Howard Finds Fact Harder Than Fiction.

WON GIRL IN FIVE DAYS.

Lost Her in Three Weeks—Mrs. Howard Accuses Husband of Pointing Pistol at Her Because She Roughed His High Hat.

Fact is stranger than fiction. It is also more difficult. The fond lovers of George Bronson Howard's novels "live happily ever after." But his own romance lasted just nine days. Howard's heroes are always cool, polite, unruffled. He himself, if his wife's story is true, has the temper of a

SHE RUBBED HIS SILK HAT THE WRONG WAY.

maniac. "Wooded and won in five days" would be a fitting title for his own love story; "No wedding bells for him" or "Married in haste, repented more hastily," for the sequel.

Mr. Howard met the beautiful Miss Dos Skinner of Norfolk at a play in Baltimore last April and became infatuated with her at once. Within two days she had agreed to become his wife, and fearing parental objections—the girl being not yet twenty—the couple three days later went to New York, where they were married at the Little Church Around the Corner and sailed immediately for London, only to separate within three weeks. They recently returned to New York on separate steamers. Mr. Howard said bitter things about his wife to the metropolitan reporters, who lost no time in reporting his words to her.

"His statements are the falsehoods of a coward," was Mrs. Howard's angry rejoinder. "He treated me so cruelly I was compelled to leave him. He slapped my face in public and even threatened to shoot me and kill himself. I shall institute proceedings for a divorce as soon as I consult my parents."

"The real cause of our separation was his almost uncontrollable temper. Only four days after we had sailed from New York on our honeymoon he flew into a rage because I wanted to sit out on the deck instead of going to the stateroom to hear him read one of his books to me.

"He used such threatening language that I was afraid he would throw me overboard unless I obeyed him. After that I never felt safe until he was asleep.

"He would not let me wear any jewelry that was mine before I was married because he said it might be the gift of some former admirer. By main force he took a beautiful stickpin away from me.

"He quarreled with me about such petty things. He had a gala array of waistcoats and would tell me to pick one of a certain color and design to wear at a certain time of day. And if I made a mistake he would call me unspeakable names.

"Every night my husband would spend a long time beautifying himself. He used three kinds of hair tonic, had his face massaged, carefully powdered his face and brushed his hair. One day a friend of mine asked him if he did not want some of her rouge, and that made him angry.

"I was so afraid of my husband that I did not dare close my eyes until after he had gone to sleep. He has a peculiar habit of talking distinctly, plainly and connectedly in his sleep. In this condition of somnolence he would repeat the story of a crucifixion he believed he had committed in the Philippines.

"There was a Filipino, my husband said in his dreams, who was a very bad man. This Filipino led a band that buried their enemies alive. The leader of this party had fallen into the hands of my husband, and he had crucified the Filipino. So Mr. Howard had got it into his head that he was a real murderer.

"When he wanted to write he would banish me from his presence. We had two rooms and bath in our apartments in London, and he would tell me to go and sit in the bedroom. If I happened to get tired sitting on the edge of the bed and moved about a bit he would shout: 'Sit down and keep still. Do you think I can keep my mind on my work with all that racket?'

"On several occasions when he was trying to write and couldn't, although I was sitting as quiet as a mouse in

FASHION JOTTINGS.

Pique Revived as a Frock Fabric. Mustard Straw Hat.

Pique is again a smart summer fabric for tailored gowns. A particularly good model has a box plaited skirt and a box plaited blouse cut low in the neck and sleeveless. This waist is worn with a lingerie blouse. Side by side with burnt straw effects, which are so popular this season, one sees a hat or two in actual mustard colored straw. It is not a pretty color, for the sickish, greenish tinge is most unattractive; but, on the

A COOKING APRON—5691.

other hand, one cannot deny that the mustard hat is extremely chic when trimmed with a big bow of black glace ribbon. A very dark brown trimming might be ventured upon, but black is the safest.

Persian belts to match the beaded pockets are among the most beautiful novelties designed to be worn with dressy frocks. These belts also reflect the porcelain effects of the immense hats. One is allowed the widest latitude in the width of the girdle, very narrow as well as very wide effects being worn. The first essential is that it must fit the figure perfectly, and then fancy can run all kinds of riot in the matter of materials and decorations.

The newest monogram for stationery is an inch and a half long, but very narrow. It is often stamped in three colors, of which green, gold and a rose color make a pretty combination.

Here are a really fascinating little apron and cap that can be slipped on over the frock when my little lady descends to the kitchen to make her favorite cake or confection. In the illustration they are made of white butcher's linen, but plain and checked ginghams are both good materials to use.

SARTORIAL NEWS.

Tourist Neck Ruching—Lingerie Waist In Attractive Materials.

One of the most convenient things for the woman who travels extensively is the tourist neck ruching. It is white, crisp muslin ruching, which comes with or without a lace edging. It is done up in boxes containing six yards, which makes eighteen fresh ruchings, averaging about a cent apiece. These ruch-

FOR THE SEA BATH—5679.

ings are particularly useful for the traveler who does not stop long enough at any one place to have collars and turnovers laundered.

Lingerie waists in unusually attractive styles are made of dotted swiss, crossbarred dimity and batiste. The collars and cuffs are trimmed with val lace. Elaborate waists are trimmed with val or cluny lace and insertion and hand embroidery.

Little loose Eton jackets in black, pea de sole are seen a good deal and are simply trimmed with black braid, the sleeves full and three-quarter length. They are not elaborate.

The new tulle bows are the fluffiest, daintiest things imaginable. They are white at the center, but shade into a dark blue, brown, red or green at the edges. All white ones are nice for evening wear.

The Panama hat has taken a new lease of life since it has been converted into a picture affair.

Here is a bathing suit for the young girl to use at her morning dip. It is made of dark blue mohair, with trimmings of dotted pongee of the natural color, dotted with blue.

TELLS HOW TO DIVE.

Miss Kellermann Gives Valuable Directions For Beginners.

KEEP THE KNEES STRAIGHT.

Stand Erect and Incline the Head Slightly Forward, Says World's Greatest Woman Aquatic Expert. Don't Be Discouraged by Failures.

By ANNETTE KELLERMANN, The world's greatest woman swimmer and diver.

In diving a beginner should not bother about a springboard. The solid float or the stairway into the swimming pool if the water is at least six feet in depth is the right thing. A simple rule to be followed in order to insure absence of the deplorably awkward and often painful flat strike on the water is for the beginner to watch intently some spot on the chest of her bathing garment. A little white button will serve as well as anything else to rivet the eyes on. This prevents that nervous raising of the head which is so often responsible for the flat dive.

One should stand erect, with the head inclined slightly forward. The arms should be outstretched and the feet well together. They should remain together until the completion of the dive. The spring is made so fast that the forehead or the top of the head strikes the water first. If the face strikes first, a false dive is the result.

Spring lightly into the water head foremost, taking the greatest care to carefully measure the distance with your eye between the platform from which you dive and the top of the water. The knees should be kept straight, or the dive will lack in grace, and nothing is so awkward as an ungraceful dive. This should not, however, discourage the beginner, as diving, no more than swimming, can be accomplished by the novice in a lesson or

The Australian splash. The ordinary dive, ANNETTE KELLERMANN DIVING.

two. It takes patience, and it takes trying, with the courage kept well up and the never say die quality always present.

After reaching the water the quick upward turn should be made, and the shallower the water the sharper and quicker the turn in order that there shall be no bumping against the bottom of the pool or river. This is the simple short dive. In the long dive the body is allowed to remain in the same position as when it strikes the water save for the gradual upward turn, permitting the force of the start to become spent. This latter is very graceful, and it is exceedingly exhilarating.

One of the most attractive dives for the spectator is the wooden soldier. This is accomplished by maintaining the same position as in the long dive save that the hands are kept tight to the side and are not extended upward. The body is kept straight or slightly curving, and the legs and heels are kept tight together.

The Australian splash is another novelty. After jumping from the board one lifts the knees and clasps them in the hands, striking the water in a sitting position.

How About This, Mike?

Mike Lynch of Pittsburg is out doing a little scouting for the Pirates, according to a Providence paper which discovered Mike among the spectators at a recent game in Providence.

Schiel the First Victim.

It fell to the lot of Catcher Schiel of Cincinnati to be the first player to be put out of a National league game this season for arguing with the umpire.

Semi-Annual Pre-Inventory Sale

Decisive measures are being pursued. This tendency will no doubt cause immediate clearance of all odds and ends

All-over embroidery, 30 inches wide, \$1.50 value... **79c**

"MOTHER'S FRIEND" Blouses and Wash Suits for Boys.

Our Semi-Annual Inventory begins next Monday, July 15. In order to clear out all broken lines which have accumulated during the past six months, we have applied measures which are drastic in the extreme. To most merchants the first half of the year's business was a disappointment, to many it spelled "disaster," to us with our increased stock and facilities for handling increased crowds it has been a brilliant success. This success has not been without its drawbacks in the way of
